## Subject index\*

### A

#### **Abdominal hysterectomy; see Hysterectomy** **Abnormalities**

Diagnosis of fetal infection in the patient with an ultrasonographically detected abnormality but a negative clinical history (Weiner et al). 1993;168:6-11 (Clin. opinion)

#### **Abortion**

Chorionic villus sampling: quality control—a continuous improvement model (Boehm et al). 1993;168:1766-77

Depressive disorders after a spontaneous abortion (Garel et al) (Letter); (Neugebauer et al) (Reply). 1993;168:1005-6

Pregnancy reduction in Jewish law (Rosner) (Letter); (Grazi and Wolowelsky) (Reply). 1993;168:278-9

The reliability of ultrasonography in the management of spontaneous abortion, clinically thought to be complete: a prospective study (Rulin et al). 1993;168:12-5

#### **Abortion, habitual**

Antithyroid antibodies and the association with non-organ-specific antibodies in recurrent pregnancy loss (Pratt et al). 1993;168:837-41

First-trimester ultrasonography findings in women with a history of recurrent pregnancy loss (van Leeuwen et al). 1993;168:111-4

Flow cytometric crossmatch and early pregnancy loss in women with a history of recurrent spontaneous abortions who underwent paternal leukocyte immunotherapy (Maruyama et al). 1993;168:1528-36

Histocompatibility antigens and pregnancy outcome (Hoff and Shah). 1993;168:1331 (Letter)

#### **Abortion, induced**

Abortion and obstetrics: a conflict of interests (Kitabjian). 1993;168:740 (Letter)

A five-year experience with second-trimester induced abortions: no increase in complication rate as compared to the first trimester (Jacot et al). 1993;168:633-7

Multifetal pregnancy reduction by transvaginal puncture: evaluation of the technique used in 134 cases (Timor-Tritsch et al). 1993;168:799-804

Unwanted pregnancies: understanding contraceptive use and benefits in adolescents and older women (Sulak and Haney). 1993;168:2042-8

#### **Abruptio placentae**

Abruptio placentae and very high parity (Seidman et al) (Letter); (Pritchard) (Reply). 1993;168:1641-2

The epidemiology of placenta previa in the United States, 1979 through 1987 (Iyasu et al). 1993;168:1424-9

#### **Abscess**

Definition of pelvic abscess (Amstey) (Letter); (Sweet) (Reply). 1993;168:740-1

#### **Acetaminophen**

The effect of acetaminophen on prostacyclin production in pregnant women (O'Brien et al). 1993;168:1164-9

#### **Acetylhydrolase**

Platelet-activating factor—acetylhydrolase activity in normotensive and hypertensive pregnancies (Maki et al). 1993;168:50-4

#### **Acidosis**

Fetal pancreatic  $\beta$ -cell function in pregnancies complicated by maternal diabetes mellitus: relationship to fetal acidemia and macrosomia (Salvesen et al). 1993;168:1363-9

#### **Acquired immunodeficiency syndrome**

The pharmacokinetics and safety of zidovudine in the third trimester of pregnancy for women infected with human immunodeficiency virus and their infants: Phase I Acquired Immunodeficiency Syndrome Clinical Trials Group study (protocol 082) (O'Sullivan et al). 1993;168:1510-6

#### **Active sites; see Binding sites**

#### **Acute renal failure; see Kidney failure, acute**

#### **Adenocarcinoma**

Cervical adenocarcinoma or cervical extension (Fruchter) (Letter); (Anton-Culver et al) (Reply). 1993;168:1646

\*January, part 1, 1-284; part 2, 285-468; February, 469-742; March, part 1, 743-1008; part 2, 1009-1052; April, 1053-1338; May, 1339-1648; June, part 1, 1649-1978; part 2, 1979-2048.

A comparison of the Pipelle device and the Vabra aspirator as measured by endometrial denudation in hysterectomy specimens: the Pipelle device samples significantly less of the endometrial surface than the Vabra aspirator (Rodriguez et al). 1993;168:55-9

#### **Adenosine**

Maternal and fetal cardiorespiratory responses to adenosine in sheep (Mason et al). 1993;168:1558-61

#### **Administration and dosage**

Effect of administration route and estrogen manipulation on endometrial uptake of Photofrin porfimer sodium (Chapman et al). 1993;168:685-92

#### **Adnexal diseases**

Conservative management of adnexal torsion (Zweizig et al). 1993;168:1791-5

Preservation of ovarian tissue in adnexal torsion with fluorescein (McHutchison et al). 1993;168:1386-8

Transvaginal ultrasonographic findings in surgically verified ectopic pregnancy (Burry et al). 1993;168:1796-802

#### **Adnexitis**

Contraception and sexually transmitted diseases: interactions and opportunities (McGregor and Hammill). 1993;168:2033-41

Delayed care of pelvic inflammatory disease as a risk factor for impaired fertility (Hillis et al). 1993;168:1503-9

#### **Adolescence**

Unwanted pregnancies: understanding contraceptive use and benefits in adolescents and older women (Sulak and Haney). 1993;168:2042-8

#### **Adrenal cortex hormones**

Beneficial effects of the combined use of prenatal corticosteroids and postnatal surfactant on preterm infants (Jobe et al). 1993;168:508-13

#### **Adrenal hyperplasia**

3 $\beta$ -Hydroxysteroid dehydrogenase deficiency in hyperandrogenism (Azziz et al). 1993;168:889-95

#### **Adrenergic beta receptor blockers**

Dexamethasone reverses the labor-associated myometrial desensitization to  $\beta$ -adrenergic agonists in the rat (Kocan et al). 1993;168:961-8

Do tocolytic agents stop preterm labor? A critical and comprehensive review of efficacy and safety (Higby et al). 1993;168:1247-59

Peripartum heart failure associated with prolonged tocolytic therapy (Lampert et al). 1993;168:493-5

Ritodrine: a  $\beta$ -adrenergic receptor antagonist in human amnion (Collins et al). 1993;168:143-51

#### **Affinity labels**

Affinity labeling identifies histidine at the active site of human placental 3 $\beta$ -hydroxysteroid dehydrogenase and steroid 5 $\rightarrow$ 4-ene-isomerase (Strickler and Thomas). 1993;168:1216-22

#### **Age, maternal; see Maternal age**

#### **Alcohol, ethyl**

Effect of ethanol and progesterone on monoamine oxidase activity in cultured cells of human term placenta (Kono et al). 1993;168:136-40

#### **Alpha fetoproteins**

$\alpha$ -Fetoprotein and folate deficiency (Mizejewski). 1993;168:279 (Letter)

Maternal serum  $\alpha$ -fetoprotein and premature delivery (Johnson). 1993;168:1892 (Letter)

Maternal serum screening for  $\alpha$ -fetoprotein, unconjugated estriol, and human chorionic gonadotropin between 11

and 15 weeks of pregnancy to detect fetal chromosome abnormalities (Crandall et al). 1993;168:1864-9

#### **Ambulatory care**

Outpatient excisional management of cervical intraepithelial neoplasia (Oyesanya et al). 1993;168:485-8

The outpatient vaginal hysterectomy (Powers et al). 1993;168:1875-80

#### **The American Board of Obstetrics and Gynecology, Inc.**

New certifications: principal specialty. 1993;168:1901-18

New certifications: subspecialty of Gynecologic Oncology. 1993;168:1919

New certifications: subspecialty of Maternal-Fetal Medicine. 1993;168:1920

New certifications: subspecialty of Reproductive Endocrinology. 1993;168:1921

#### **American Gynecological and Obstetrical Society**

Transactions of the eleventh annual meeting of the American Gynecological and Obstetrical Society. 1993;168:1053-259

#### **Aminolevulinic acid**

Evidence of lasting functional destruction of the rat endometrium after 5-aminolevulinic acid-induced photodynamic ablation: prevention of implantation (Yang et al). 1993;168:995-1001

#### **Amniocentesis**

Does maternal diabetes delay fetal pulmonary maturity? (Piper and Langer). 1993;168:783-6

#### **Amnion**

Ritodrine: a  $\beta$ -adrenergic receptor antagonist in human amnion (Collins et al). 1993;168:143-51

#### **Amniotic fluid**

Acute hemodynamic and respiratory effects of amniotic fluid embolism in the pregnant goat model (Hankins et al). 1993;168:1113-30

Amniorrhexis lowers the incidence of positive cultures for group B streptococci (Henderson et al). 1993;168:624-5

Deviation in amniotic fluid optical density at a wavelength of 450 nm in Rh-immunized pregnancies from 14 to 40 weeks' gestation: a proposal for clinical management (Queenan et al). 1993;168:1370-6

Effect of fetal movement on the amniotic fluid index (Wax et al). 1993;168:188-9

The relationship between spontaneous rupture of membranes, labor, and microbial invasion of the amniotic cavity and amniotic fluid concentrations of prostaglandins and thromboxane B<sub>2</sub> in term pregnancy (Romero et al). 1993;168:1654-68

Fibrinolytic components in fetal membranes and amniotic fluid (Watanabe et al). 1993;168:1283-9

Hemodynamic and fluid responses to furosemide infusion in the ovine fetus (Kelly et al). 1993;168:260-8

The influence of elective amniotomy on fetal heart rate patterns and the course of labor in term patients: a randomized study (Garite et al). 1993;168:1827-32

Intraobserver and interobserver variability of the amniotic fluid index (Bruner et al). 1993;168:1309-13

Microinvasion of the amniotic cavity increases the risk of post-cesarean section endometritis (Poka and Lampe) (Letter); (Romero et al) (Reply). 1993;168:275-6

Oligohydramnios: antepartum fetal urine production and intrapartum fetal distress (Owen). 1993;168:1897 (Letter)

Prenatal diagnosis of a placental cyst: comparison of postnatal biochemical analyses of cyst fluid, amniotic fluid, cord serum, and maternal serum (Shipley and Nelson). 1993;168:211-3

**Amniotic fluid—cont'd**

Questions on prophylactic amnioinfusion as a treatment for oligohydramnios (Chauhan and Morrison) (Letter); (Schrimmer) (Reply). 1993;168:1006-7

A simple, noninvasive, sensitive method for diagnosis of amniotic fluid embolism by monoclonal antibody TKH-2 that recognizes NeuAc $\alpha$ 2-6GalNAc (Kobayashi et al). 1993;168:848-53

The temporal relationship between maternal blood and amniotic fluid glucose levels (Romem et al). 1993;168:611-4

Variable decelerations during the second stage of labor (Fruchter) (Letter); (Ball and Parer) (Reply). 1993;168:1892-3

**Ampicillin**

Pharmacokinetics of ampicillin and sulbactam in pregnancy (Chamberlain et al). 1993;168:667-73

**Analgesia**

The effects of cold therapy on postoperative pain in gynecologic patients: a prospective, randomized study (Finan et al). 1993;168:542-4

**Androgens**

3 $\beta$ -Hydroxysteroid dehydrogenase deficiency in hyperandrogenism (Azziz et al). 1993;168:889-95

**Anesthesia**

McDonald cerclage under pudendal nerve block (McCulloch et al). 1993;168:499-502

**Anesthesia, general**

Severe pregnancy-induced hypertension and blood pressure control during general anesthesia: Nitroglycerin or opioids, the logical choice? (Downing) (Letter); (Longmire) (Reply). 1993;168:1331-3

**Aneuploidy**

First-trimester simple hygroma: cause and outcome (Johnson et al). 1993;168:156-61

**Aneurysm**

Ruptured splenic artery aneurysm in pregnancy (Caillouette and Merchant). 1993;168:1810-3

**Angina pectoris**

Considerations for contraception in women with cardiovascular disorders (Sullivan and Lobo). 1993;168:2006-11

**Angiotensin II**

The angiotensin II antagonist saralasin inhibits ovulation in the perfused rat ovary (Peterson et al). 1993;168:242-5

Ontogeny of angiotensin II vascular smooth muscle receptors in ovine fetal aorta and placental and uterine arteries (Rosenfeld et al). 1993;168:1562-9

**Anoxia**

Gestational diabetes alters human placental vascular responses to changes in oxygen tension (Figueroa et al). 1993;168:1616-22

**Anthropometric measurements; see Ultrasonography, prenatal****Antibiotics**

Antibiotics in the treatment of preterm labor (Kirschbaum). 1993;168:1239-46

Contraception and sexually transmitted diseases: interactions and opportunities (McGregor and Hammill). 1993;168:2033-41

Definition of pelvic abscess (Amstey) (Letter); (Sweet) (Reply). 1993;168:740-1

Pharmacokinetics of ampicillin and sulbactam in pregnancy (Chamberlain et al). 1993;168:667-73

Prospective follow-up of adverse reactions in breast-fed infants exposed to maternal medication (Ito et al). 1993;168:1393-9

Uterine contractions after antibiotic therapy for pyelonephritis in pregnancy (Graham et al). 1993;168:577-80

**Antibodies**

Antithyroid antibodies and the association with non-organ-specific antibodies in recurrent pregnancy loss (Pratt et al). 1993;168:837-41

A protocol for routine voluntary antepartum human immunodeficiency virus antibody screening (Lindsay). 1993;168:476-9 (Clin. opinion)

**Antibodies, monoclonal**

The effect of antibodies and immunotoxins reactive with HER-2/*neu* on growth of ovarian and breast cancer cell lines (Rodriguez et al). 1993;168:228-32

A simple, noninvasive, sensitive method for diagnosis of amniotic fluid embolism by monoclonal antibody TKH-2 that recognizes NeuAc $\alpha$ 2-6GalNAc (Kobayashi et al). 1993;168:848-53

$\gamma$ 8T cells in human decidua (Ditzian-Kadanoff et al). 1993;168:831-6

**Antibody specificity**

Antithyroid antibodies and the association with non-organ-specific antibodies in recurrent pregnancy loss (Pratt et al). 1993;168:837-41

**Anticoagulants**

Contraceptive choices in women with coagulation disorders (Comp and Zacur). 1993;168:1990-3

**Anticonvulsants**

Central anticonvulsant effects of magnesium sulfate on *N*-methyl-D-aspartate-induced seizures (Cotton et al). 1993;168:974-8

Increased incidence of neonatal vitamin K deficiency resulting from maternal anticonvulsant therapy (Cornelissen et al). 1993;168:923-8

Supplementation of vitamin K in pregnant women receiving anticonvulsant therapy prevents neonatal vitamin K deficiency (Cornelissen et al). 1993;168:884-8

**Antigens**

Serum squamous cell carcinoma antigen levels in invasive cervical cancer: prediction of response and recurrence (Rose et al). 1993;168:942-6

**Antigens, tumor-associated, carbohydrate**

Is a high CA 125 antigen level in the absence of anatomic evidence for tumor an indication for laparotomy? (Gocze and Freeman) (Letter); (Fujii et al) (Reply). 1993;168:1896-7

**Antiphospholipid syndrome**

Induction of endothelial cell tissue factor activity by sera from patients with antiphospholipid syndrome: a possible mechanism of thrombosis (Branch and Rodgers). 1993;168:206-10

**Antipyrine**

Effects of antipyrine on umbilical and regional metabolism in late gestation in the fetal lamb (Gull and Charlton). 1993;168:706-13

**Antithyroid antibodies; see Antibodies****Aorta**

Ontogeny of angiotensin II vascular smooth muscle receptors in ovine fetal aorta and placental and uterine arteries (Rosenfeld et al). 1993;168:1562-9

**Appendectomy**

Incidental appendectomy and pathologic conditions of the appendix vermiformis (Dietl et al) (Letter); (Nezhat and Nezhat) (Reply). 1993;168:736-8

**Appendix**

Incidental appendectomy and pathologic conditions of the

- appendix vermiformis (Dietl et al) (Letter); (Nezhat and Nezhat) (Reply). 1993;168:736-8
- Arginine vasopressin**  
Intermittent sinusoidal heart rate pattern in vagotomized fetal lambs (Ninomiya et al). 1993;168:731-5
- Arrhythmia**  
Malignant ventricular arrhythmias in eclampsia: a comparison of labetalol with dihydralazine (Bhorat et al). 1993;168:1292-6
- Arteries**  
Abnormal endothelial cell function of resistance arteries from women with preeclampsia (McCarthy et al). 1993;168:1323-30
- Ascites**  
Colony-stimulating factor-1 in primary ascites of ovarian cancer is a significant predictor of survival (Price et al). 1993;168:520-7
- Ascitic fluid**  
Colony-stimulating factor-1 in primary ascites of ovarian cancer is a significant predictor of survival (Price et al). 1993;168:520-7  
Increased chemotactic activity of peritoneal fluid in patients with endometriosis (Leiva et al). 1993;168:592-8
- Aspirin**  
Effects of maternal ingestion of low-dose aspirin on the fetal cardiovascular system (Veille et al). 1993;168:1430-7  
Low-dose aspirin in the prevention of preeclampsia and fetal growth retardation: rationale, mechanisms, and clinical trials (Dekker and Sibai). 1993;168:214-27 (Curr. dev.)  
Low-dose aspirin therapy to prevent preeclampsia (Hauth et al). 1993;168:1083-93
- Asthma**  
Association between pregnancy-induced hypertension and asthma during pregnancy (Lehrer et al). 1993;168:1463-6
- Atrial natriuretic factor**  
Effect of pregnancy on the vasodepressor response to atrial natriuretic factor (Castro et al). 1993;168:979-84
- Auscultation**  
Automated blood pressure measurements in laboring women: Are they reliable? (Marx et al). 1993;168:796-8  
Intrapartum auscultation of the fetal heart rate (Strong and Jarles). 1993;168:935-6  
Intrapartum fetal heart rate assessment: monitoring by auscultation or electronic means (Morrison et al). 1993;168:63-6  
Phase 4 or phase 5 in patients with severe preeclampsia? (Quinn) (Letter); (Johanning and Barron) (Reply). 1993;168:1893-5
- B
- B-lymphocytes**  
Fetal pancreatic  $\beta$ -cell function in pregnancies complicated by maternal diabetes mellitus: relationship to fetal acidemia and macrosomia (Salvesen et al). 1993;168:1363-9
- Bacteria**  
Sexual intercourse during pregnancy and preterm delivery: effects of vaginal microorganisms (Read and Klebanoff). 1993;168:514-9
- Behavior disorders; see Mental disorders**
- Beta-adrenergic receptor antagonists; see Adrenergic beta receptor blockers**

- 17Beta-estradiol; see Estradiol**
- Beta-sympathomimetics; see Sympathomimetics**
- Betamethasone**  
Plea for continuation of antenatal steroids at 24 to 28 weeks' gestation (Davis). 1993;168:280-1 (Letter)
- Beverages**  
Premenstrual symptoms and beverage consumption (Rossignol and Bonnlander). 1993;168:1640 (Letter)
- Binding sites**  
Affinity labeling identifies histidine at the active site of human placental  $3\beta$ -hydroxysteroid dehydrogenase and steroid 5 $\rightarrow$ 4-ene-isomerase (Strickler and Thomas). 1993;168:1216-22  
Endothelin-1: immunocytochemistry, localization of binding sites, and contractile effects in human uteroplacental smooth muscle (Svane et al). 1993;168:233-41
- Biochemistry**  
Prenatal diagnosis of a placental cyst: comparison of postnatal biochemical analyses of cyst fluid, amniotic fluid, cord serum, and maternal serum (Shipley and Nelson). 1993;168:211-3
- Biopsy, needle**  
A comparison of the Pipelle device and the Vabra aspirator as measured by endometrial denudation in hysterectomy specimens: the Pipelle device samples significantly less of the endometrial surface than the Vabra aspirator (Rodriguez et al). 1993;168:55-9  
The use of fine-needle aspiration in the evaluation of persistent palpable dominant breast masses (Hindle et al). 1993;168:1814-9
- Birth injuries**  
Shoulder dystocia: an analysis of risks and obstetric maneuvers (Nocon et al). 1993;168:1732-9
- Birth weight**  
Low target birth weight or growth retardation? Umbilical Doppler flow velocity waveforms and histometric analysis of fetoplacental vascular tree (Hitschold et al). 1993;168:1260-4  
Maternal risk factors and their influence on fetal anthropometric measurements (Goldenberg et al). 1993;168:1197-205  
A multicenter study of preterm birth weight and gestational age-specific neonatal mortality (Copper et al). 1993;168:78-84
- Blacks**  
Cystic fibrosis mutations in white and black Americans: an approach to identification of unknown mutations with implications for cystic fibrosis screening (Phillips et al). 1993;168:1076-82
- Blood**  
Frequency of glove perforations and subsequent blood contact in association with selected obstetric surgical procedures (Chapman and Duff). 1993;168:1354-7  
The temporal relationship between maternal blood and amniotic fluid glucose levels (Romem et al). 1993;168:611-4
- Blood coagulation**  
The effects of hemostasis of oral contraceptives containing desogestrel (Stubblefield). 1993;168:1047-52  
Effects of monophasic low-dose oral contraceptives on fibrin formation and resolution in young women (Petersen et al). 1993;168:32-8
- Blood coagulation disorders**  
Contraceptive choices in women with coagulation disorders (Comp and Zacur). 1993;168:1990-3

**Blood flow velocity**

- Absent end-diastolic flow velocity waveforms in the umbilical artery—the subsequent pregnancy (Farine et al). 1993;168:637-40
- The development of abnormal heart rate patterns after absent end-diastolic velocity in umbilical artery: analysis of risk factors (Arduini et al). 1993;168:43-50
- Doppler ultrasonography of human fetal ductus venosus (Mari and VanDeKerkhove). 1993;168:277 (Letter)
- Middle cerebral artery flow velocity waveforms and fetal compromise (Chandran and Serra-Serra) (Letter); (Mari and Deter) (Reply). 1993;168:1335-6
- Placental and fetal Doppler velocimetry in pregnancies complicated by maternal diabetes mellitus (Salvesen et al). 1993;168:645-52

**Blood gas analysis**

- Acute hemodynamic and respiratory effects of amniotic fluid embolism in the pregnant goat model (Hankins et al). 1993;168:1113-30
- Effect of fetal sepsis on umbilical cord blood gases (Lao and Ohlsson) (Letter); (Meyer et al) (Reply). 1993;168:738-40
- Fetal plasma erythropoietin in pregnancies complicated by maternal diabetes mellitus (Salvesen et al). 1993;168:88-94

**Blood platelets**

- Secretion of prostanoids by platelets and monocytes in normal and hypertensive pregnancies (Hawkins et al). 1993;168:661-7

**Blood pressure**

- Automated blood pressure measurements in laboring women: Are they reliable? (Marx et al). 1993;168:796-8
- Effect of pregnancy on the vasodepressor response to atrial natriuretic factor (Castro et al). 1993;168:979-84
- Maternal and fetal cardiorespiratory responses to adenosine in sheep (Mason et al). 1993;168:1558-61
- Phase 4 or phase 5 in patients with severe preeclampsia? (Quinn) (Letter); (Johanning and Barron) (Reply). 1993;168:1893-5
- Severe pregnancy-induced hypertension and blood pressure control during general anesthesia: Nitroglycerin or opioids, the logical choice? (Downing) (Letter); (Longmire) (Reply). 1993;168:1331-3
- Umbilical pressure measurement in the evaluation of non-immune hydrops fetalis (Weiner). 1993;168:817-23

**Blood pressure monitors**

- Automated blood pressure measurements in laboring women: Are they reliable? (Marx et al). 1993;168:796-8

**Blood transfusion**

- Blood transfusion and the risk of recurrence in squamous carcinoma of the vulva (Look et al). 1993;168:1718-23

**Body fluids**

- Hemodynamic and fluid responses to furosemide infusion in the ovine fetus (Kelly et al). 1993;168:260-8

**Bone density**

- Impact of medical treatment of endometriosis on bone mass (Dawood). 1993;168:674-84 (Curr. dev.)

**Books**

- Books received. 1993;168:1898-900

**Brain, abnormalities**

- Prenatal ultrasonographic diagnosis of intracranial teratoma and massive craniomegaly with associated high-output cardiac failure (Sherer et al). 1993;168:97-9

**Brain, blood supply**

- Effect of early pregnancy on maternal regional cerebral blood flow (Ikeda et al). 1993;168:1303-8

**Brain injuries**

- The paradox of electronic fetal monitoring: more data may not enable us to predict or prevent infant neurologic morbidity (Rosen and Dickinson). 1993;168:745-51 (Clin. opinion)

**Brain neoplasms**

- Prenatal ultrasonographic diagnosis of intracranial teratoma and massive craniomegaly with associated high-output cardiac failure (Sherer et al). 1993;168:97-9

**Braxton Hicks contraction; see Uterine contraction****Breast**

- Estrogen and progesterone receptor content in breast epithelial cells from healthy women during the menstrual cycle (Söderqvist et al). 1993;168:874-9

**Breast feeding**

- Prospective follow-up of adverse reactions in breast-fed infants exposed to maternal medication (Ito et al). 1993;168:1393-9

**Breast neoplasms**

- The effect of antibodies and immunotoxins reactive with HER-2/*neu* on growth of ovarian and breast cancer cell lines (Rodriguez et al). 1993;168:228-32
- Hormone replacement therapy and risk of breast cancer: results from epidemiologic studies (Colditz et al). 1993;168:1473-80
- Impact of contraception on gynecologic cancers (Herbst and Berek). 1993;168:1980-5
- Mammographic abnormalities and the detection of carcinoma of the breast (Hall et al). 1993;168:1677-82
- The use of fine-needle aspiration in the evaluation of persistent palpable dominant breast masses (Hindle et al). 1993;168:1814-9

**Breech presentation**

- Experience with external cephalic version and selective vaginal breech delivery in private practice (Cook). 1993;168:1886-90
- Vaginal delivery of the nonvertex second twin (Fishman et al). 1993;168:861-4

**Bronchopulmonary dysplasia**

- Beneficial effects of the combined use of prenatal corticosteroids and postnatal surfactant on preterm infants (Jobe et al). 1993;168:508-13

C

**CA 125 antigen; see Antigens, tumor-associated, carbohydrate****Caffeine**

- Maternal caffeine consumption and fetal behavior in normal third-trimester pregnancy (Devoe et al). 1993;168:1105-12

**Calcitonin gene-related peptide**

- Possible physiologic role of calcitonin gene-related peptide in the human uterine artery (Nelson et al). 1993;168:605-11

**Calcium**

- Alterations in vitamin D and calcium metabolism with magnesium sulfate treatment of preeclampsia (Cruikshank et al). 1993;168:1170-7
- Characterization of large-conductance, calcium-activated potassium channels from human myometrium (Pérez et al). 1993;168:652-60
- Dietary calcium and manganese effects on menstrual cycle symptoms (Penland and Johnson). 1993;168:1417-23
- Placental calcium transport during acute maternal hypermagnesemia in the rat (Mimouni et al). 1993;168:984-7

- Premenstrual symptoms and beverage consumption (Ros-signal and Bonnländer). 1993;168:1640 (Letter)
- Calcium channel blockers**  
Do tocolytic agents stop preterm labor? A critical and comprehensive review of efficacy and safety (Higby et al). 1993;168:1247-59
- California**  
Trends in cesarean section use in California, 1983 to 1990 (Stafford et al). 1993;168:1297-302
- Carbohydrates**  
Effects of desogestrel on carbohydrate metabolism (Shoupe). 1993;168:1041-7
- Carcinoma; see also Carcinoma, squamous cell**  
Deoxyribonucleic acid analysis facilitates the pretreatment identification of high-risk endometrial cancer patients (Podratz et al). 1993;168:1206-15  
Detection of multi-drug-resistance marker P-170 protein in cervical carcinomas by using immunohistochemical technique (Farghaly) (Letter); (Schneider) (Reply). 1993;168:276-7  
Mammographic abnormalities and the detection of carcinoma of the breast (Hall et al). 1993;168:1677-82  
Schauta-Amreich vaginal hysterectomy and Wertheim-Meigs abdominal hysterectomy in the treatment of cervical cancer: a retrospective analysis (Massi et al). 1993;168:928-34  
Seeking early medical attention after vaginal bleeding will not assure mild disease in postmenopausal endometrial carcinoma (Shipley and Nelson). 1993;168:553-6  
Transitional cell carcinoma of the ovary: a matched control study of advanced-stage patients treated with cisplatin-based chemotherapy (Gershenson et al). 1993;168:1178-87
- Carcinoma, squamous cell; see also Carcinoma**  
Blood transfusion and the risk of recurrence in squamous carcinoma of the vulva (Look et al). 1993;168:1718-23  
Cervical adenocarcinoma or cervical extension (Fruchter) (Letter); (Anton-Culver et al) (Reply). 1993;168:1646  
Phase II trial of ifosfamide and mesna in patients with advanced or recurrent squamous carcinoma of the cervix who had never received chemotherapy: a Gynecologic Oncology Group study (Sutton et al). 1993;168:805-7  
Serum squamous cell carcinoma antigen levels in invasive cervical cancer: prediction of response and recurrence (Rose et al). 1993;168:942-6
- Cardiac failure; see Heart failure**
- Cardiac output**  
Accuracy of right ventricular output estimated by Doppler echocardiography in the sheep fetus (Shiraishi et al). 1993;168:947-53
- Cardiovascular diseases**  
Considerations for contraception in women with cardiovascular disorders (Sullivan and Lobo). 1993;168:2006-11  
Contraception and dyslipidemia (Knopp et al). 1993;168:1994-2005  
Effects of desogestrel on carbohydrate metabolism (Shoupe). 1993;168:1041-7
- Cardiovascular system**  
Effects of maternal ingestion of low-dose aspirin on the fetal cardiovascular system (Veille et al). 1993;168:1430-7
- Carrier screening; see Genetic screening**
- Ceftizoxime**  
Differential protein binding of ceftizoxime in cord versus maternal serum (Fortunato et al). 1993;168:914-5
- Cell reduction**  
Surgical techniques for cytoreduction in advanced ovarian malignancy (Farghaly) (Letter); (Rose) (Reply). 1993;168:736
- Cells, cultured**  
Effect of ethanol and progesterone on monoamine oxidase activity in cultured cells of human term placenta (Kono et al). 1993;168:136-40  
The effect of growth factors on the proliferation of human endometrial stromal cells in culture (Hammond et al). 1993;168:1131-8  
Enhanced proliferation of fetal rat hepatocytes in primary culture induced by ritodrine (Ando et al). 1993;168:693-7
- Central Association of Obstetricians and Gynecologists**  
Transactions of the sixtieth annual meeting of The Central Association of Obstetricians and Gynecologists. 1993;168:1649-786
- Cerebral arteries**  
Middle cerebral artery flow velocity waveforms and fetal compromise (Chaudran and Serra-Serra) (Letter); (Mari and Deter) (Reply). 1993;168:1335-6
- Cerebral blood flow; see Brain, blood supply**
- Cerebral palsy**  
The paradox of electronic fetal monitoring: more data may not enable us to predict or prevent infant neurologic morbidity (Rosen and Dickinson). 1993;168:745-51 (Clin. opinion)
- Certification**  
Specialization in obstetrics and gynecology—changing standards (Merrill). 1993;168:1063-70
- Cervix**  
Detection of *Chlamydia trachomatis* by the polymerase chain reaction in the cervixes of women with acute salpingitis (Witkin et al). 1993;168:1438-42
- Cervix incompetence**  
McDonald cerclage under pudendal nerve block (McCulloch et al). 1993;168:499-502
- Cervix neoplasms**  
Cervical adenocarcinoma or cervical extension (Fruchter) (Letter); (Anton-Culver et al) (Reply). 1993;168:1646  
Detection of multi-drug-resistance marker P-170 protein in cervical carcinomas by using immunohistochemical technique (Farghaly) (Letter); (Schneider) (Reply). 1993;168:276-7  
Impact of contraception on gynecologic cancers (Herbst and Berek). 1993;168:1980-5  
Oral contraceptive use and incidence of cervical intraepithelial neoplasia (Turnquest) (Letter); (Gram et al) (Reply). 1993;168:1895-6  
Outpatient excisional management of cervical intraepithelial neoplasia (Oyesanya et al). 1993;168:485-8  
Phase II trial of ifosfamide and mesna in patients with advanced or recurrent squamous carcinoma of the cervix who had never received chemotherapy: a Gynecologic Oncology Group study (Sutton et al). 1993;168:805-7  
Schauta-Amreich vaginal hysterectomy and Wertheim-Meigs abdominal hysterectomy in the treatment of cervical cancer: a retrospective analysis (Massi et al). 1993;168:928-34  
Serum squamous cell carcinoma antigen levels in invasive

**Cervix neoplasms—cont'd**

cervical cancer: prediction of response and recurrence (Rose et al). 1993;168:942-6

**Cesarean section**

Active management of prolonged pregnancy (Votta and Cibilis). 1993;168:557-63

Emergency peripartum hysterectomy (Zelop et al). 1993;168:1443-8

The epidemiology of placenta previa in the United States, 1979 through 1987 (Iyasu et al). 1993;168:1424-9

Microinvasion of the amniotic cavity increases the risk of post-cesarean section endometritis (Poka and Lampe) (Letter); (Romero et al) (Reply). 1993;168:275-6

Pregnancy outcome in nulliparous women aged 35 or older (Edge and Laros). 1993;168:1881-5

The PROEF diet—a new postoperative regimen for oral early feeding (Weinstein et al). 1993;168:128-31

Reducing cesarean births at a primarily private university hospital (Socol et al). 1993;168:1748-58

Risk factors associated with uterine rupture during trial of labor after cesarean delivery: a case-control study (Leung et al). 1993;168:1358-63

Supportive nurse-midwife care is associated with a reduced incidence of cesarean section (Butler et al). 1993;168:1407-13

Trends in cesarean section use in California, 1983 to 1990 (Stafford et al). 1993;168:1297-302

Trial of labor after a one- or two-layer closure of a low transverse uterine incision (Tucker et al). 1993;168:545-6

Zavanelli maneuver for locked twins (Iffy and Apuzzio) (Letter); (Swartjes et al) (Reply). 1993;168:1003

**Chemotactic factor**

Increased chemotactic activity of peritoneal fluid in patients with endometriosis (Leiva et al). 1993;168:592-8

**Chemotherapy; see Drug therapy****Child abuse, sexual**

Psychological sequelae of childhood sexual abuse: relevant in subsequent pregnancy (Van Der Leden and Raskin). 1993;168:1336-7 (Letter)

**Chlamydia trachomatis**

Detection of *Chlamydia trachomatis* by the polymerase chain reaction in the cervixes of women with acute salpingitis (Witkin et al). 1993;168:1438-42

Detection of *Chlamydia trachomatis* in semen by the polymerase chain reaction in male members of infertile couples (Witkin et al). 1993;168:1457-62

**Chorioamnionitis**

Antibiotics in the treatment of preterm labor (Kirschbaum). 1993;168:1239-46

Effect of fetal sepsis on umbilical cord blood gases (Lao and Ohlsson) (Letter); (Meyer et al) (Reply). 1993;168:738-40

Placental interleukin-6 production is enhanced in intra-uterine infection but not in labor (Matsuzaki et al). 1993;168:94-7

**Chorionic villi**

Phosphorus 31 magnetic resonance spectroscopy of perfused human placental villi under varying oxygen concentrations (Kay et al). 1993;168:246-52

**Chorionic villi sampling**

Chorionic villus sampling: quality control—a continuous improvement model (Boehm et al). 1993;168:1766-77

Chorionic villus sampling for Rh typing: clinical implications (Moise and Carpenter) (Letter); (Blakemore and Kickler) (Reply). 1993;168:1002-3

Early transabdominal chorionic villus sampling in couples at high genetic risk (Monni et al). 1993;168:170-3

Embryoscopic demonstration of hemorrhagic lesions on the human embryo after placental trauma (Quintero et al). 1993;168:756-9

**Choroid plexus**

Fetal choroid plexus cysts (Klein et al). 1993;168:277-8 (Letter)

**Chromosome abnormalities**

Fetal choroid plexus cysts (Klein et al). 1993;168:277-8 (Letter)

Fetal growth retardation: associated malformations and chromosomal abnormalities (Snijders et al). 1993;168:547-55

Humerus and femur length shortening in the detection of Down's syndrome (Nyberg et al). 1993;168:534-8

Maternal serum screening for  $\alpha$ -fetoprotein, unconjugated estriol, and human chorionic gonadotropin between 11 and 15 weeks of pregnancy to detect fetal chromosome abnormalities (Crandall et al). 1993;168:1864-9

More about low maternal serum human chorionic gonadotropin and unconjugated estriol values in triploidy (Fejgin et al). 1993;168:1641 (Letter)

The need to reevaluate trisomy screening for advanced maternal age in prenatal diagnosis (Clark et al). 1993;168:812-6

**Chronic renal failure; see Kidney failure, chronic****Cicatrix**

Trial of labor after a one- or two-layer closure of a low transverse uterine incision (Tucker et al). 1993;168:545-6

**Cigarette smoking; see Smoking****Circadian rhythm**

Relationship of circadian rhythms of uterine activity with term and preterm delivery (Germain et al). 1993;168:1271-7

**Cisplatin**

Transitional cell carcinoma of the ovary: a matched control study of advanced-stage patients treated with cisplatin-based chemotherapy (Gershenson et al). 1993;168:1178-87

**Clarke ligator; see Equipment and supplies****Climacteric**

Hysterectomized women with ovarian conservation report more severe climacteric complaints than do normal climacteric women of similar age (Oldenhave et al). 1993;168:765-71

Impact of climacteric on well-being: a survey based on 5213 women 39 to 60 years old (Oldenhave et al). 1993;168:772-80

**Clinical opinion**

Clinical opinion. 1993;168:1-11, 469-79, 745-55, 1339-49

**Coagulation disorders; see Blood coagulation disorders****Cocaine**

Effects of repeated administration of cocaine to the fetal sheep in the last days of pregnancy (Derks et al). 1993;168:719-23

Meconium testing for cocaine metabolite: prevalence, perceptions, and pitfalls (Rosengren et al). 1993;168:1449-56

Plasma concentration of endothelin-1 in women with cocaine-associated pregnancy complications (Samuels et al). 1993;168:528-33

**Coitus**

Coitus late in pregnancy: risk of preterm rupture of

- amniotic sac membranes (Ekwo et al). 1993;168:22-31
- Seventeen-year review of sexual and contraceptive behavior on a college campus (Hale et al). 1993;168:1833-8
- Sexual intercourse during pregnancy and preterm delivery: effects of vaginal microorganisms (Read and Klebanoff). 1993;168:514-9
- Cold therapy**
- The effects of cold therapy on postoperative pain in gynecologic patients: a prospective, randomized study (Finan et al). 1993;168:542-4
- Collagenase**
- Collagenase, its inhibitors, and decorin in the lower uterine segment in pregnant women (Rechberger and Woessner). 1993;168:1598-603
- Color flow Doppler ultrasonography; see Ultrasonography**
- Colposcopy**
- Colposcopy and rape (Patel et al) (Letter); (Slaughter and Brown) (Reply). 1993;168:1334-5
- Companionship; see Interpersonal relationships**
- Computers**
- A comparison between visual and computer analysis of antepartum fetal heart rate tracings (Gagnon et al). 1993;168:842-7
- A comparison of visual and automated methods of analyzing fetal heart rate tests (Hiatt et al). 1993;168:1517-21
- Conflict of interests**
- Abortion and obstetrics: a conflict of interests (Kitabjian). 1993;168:740 (Letter)
- Congenital ichthyosis; see Ichthyosis, X-linked**
- Connexin-43**
- Changes in gap junction connexin-43 messenger ribonucleic acid levels associated with rat ovarian follicular development as demonstrated by in situ hybridization (Schreiber et al). 1993;168:1094-104
- Contraception; see also Contraceptives, oral**
- Considerations for contraception in women with cardiovascular disorders (Sullivan and Lobo). 1993;168:2006-11
- Contraception and dyslipidemia (Knopp et al). 1993;168:1994-2005
- Contraception and sexually transmitted diseases: interactions and opportunities (McGregor and Hammill). 1993;168:2033-41
- Contraceptive choices for behaviorally disordered women (Hankoff and Darney). 1993;168:1986-9
- Contraceptive choices in women with coagulation disorders (Comp and Zacur). 1993;168:1990-3
- Contraceptive choices for women with endocrine complications (Loriaux and Wild). 1993;168:2021-6
- Contraceptive choices for women with medical problems: introduction (Grimes et al). 1993;168:1979
- Contraceptive methods for women with neurologic disorders (Mattson and Rebar). 1993;168:2027-32
- Diabetes mellitus and fertility control: contraception management issues (Mestman and Schmidt-Sarosi). 1993;168:2012-20
- Impact of contraception on gynecologic cancers (Herbst and Berek). 1993;168:1980-5
- Reproductive health: a global perspective (Sciarrà). 1993;168:1649-54 (Pres. address)
- Seventeen-year review of sexual and contraceptive behavior on a college campus (Hale et al). 1993;168:1833-8
- Unwanted pregnancies: understanding contraceptive use and benefits in adolescents and older women (Sulak and Haney). 1993;168:2042-8

## Contraceptives, oral

- Combined oral contraception with desogestrel/ethinyl estradiol: tolerability profile (Kaunitz). 1993;168:1028-33
- Contraceptive choices in women with coagulation disorders (Comp and Zacur). 1993;168:1990-3
- Contraceptive choices for women with endocrine complications (Loriaux and Wild). 1993;168:2021-6
- Contraceptive efficacy of a monophasic oral contraceptive containing desogestrel (Corson). 1993;168:1017-20
- Desogestrel: a progestin for the 1990s (Burkman). 1993;168:1009
- Diabetes mellitus and fertility control: contraception management issues (Mestman and Schmidt-Sarosi). 1993;168:2012-20
- Effects of desogestrel on carbohydrate metabolism (Shoupe). 1993;168:1041-7
- The effects of hemostasis of oral contraceptives containing desogestrel (Stubblefield). 1993;168:1047-52
- Effects of monophasic low-dose oral contraceptives on fibrin formation and resolution in young women (Petersen et al). 1993;168:32-8
- Lipid metabolism effects with desogestrel-containing oral contraceptives (Burkman). 1993;168:1033-40
- Oral contraceptive use and incidence of cervical intraepithelial neoplasia (Turnquest) (Letter); (Gram et al) (Reply). 1993;168:1895-6
- Pharmacokinetics of desogestrel (McClamrock and Adashi). 1993;168:1021-8
- A randomized trial of three oral contraceptives: comparison of bleeding patterns by contraceptive types and steroid levels (Saleh et al). 1993;168:1740-7
- Selectivity information on desogestrel (Collins). 1993;168:1010-6
- Single- and multiple-dose pharmacokinetics of a low-dose oral contraceptive in women with chronic renal failure undergoing peritoneal dialysis (Price et al). 1993;168:1400-6
- Contrast media**
- The use of saline solution as a contrast medium in suspected diaphragmatic hernia and renal agenesis (Haeusler et al). 1993;168:1486-92
- Cord blood; see Fetal blood**
- Correction**
- Consultants for the American Journal of Obstetrics and Gynecology (1992;167:1487-98). 1993;168:1007
- Correspondence**
- Letters to the Editors. 1993;168:275-81, 736-41, 1002-7, 1331-7, 1640-7, 1891-7
- Corticosteroids; see Adrenal cortex hormones**
- Cost-benefit analysis**
- Laparoscopically assisted vaginal hysterectomy in a university hospital: report of 82 cases and comparison with abdominal and vaginal hysterectomy (Boike et al). 1993;168:1690-701
- Cotinine**
- Simultaneous fetal and maternal cotinine levels in pregnant women smokers (Donnenfeld et al). 1993;168:781-2
- Craniomegaly; see Brain, abnormalities**
- Crown-rump length; see Gestational age**
- Crystalloid solutions**
- Effect of rapid intravenous crystalloid infusion on uteroplacental blood flow and placental implantation-site oxygen delivery in the pregnant ewe (Crino et al). 1993;168:1603-9

**Cultured cells; see Cells, cultured****Current development**

Current development. 1993;168:214-27, 674-84

**Cystectomy**

Conservative management of adnexal torsion (Zweizig et al). 1993;168:1791-5

**Cystic fibrosis**

Cystic fibrosis mutations in white and black Americans: an approach to identification of unknown mutations with implications for cystic fibrosis screening (Phillips et al). 1993;168:1076-82

Reporting the results of cystic fibrosis carrier screening (Asch et al). 1993;168:1-6 (Clin. opinion)

**Cysts**

Fetal choroid plexus cysts (Klein et al). 1993;168:277-8 (Letter)

Massive hydronephrosis mimicking theca lutein cysts in association with partial hydatidiform mole (Sherer et al). 1993;168:1289-91

Prenatal diagnosis of a placental cyst: comparison of postnatal biochemical analyses of cyst fluid, amniotic fluid, cord serum, and maternal serum (Shipley and Nelson). 1993;168:211-3

**Cytokines**

Colony-stimulating factor-1 in primary ascites of ovarian cancer is a significant predictor of survival (Price et al). 1993;168:520-7

The effect of growth factors on the proliferation of human endometrial stromal cells in culture (Hammond et al). 1993;168:1131-8

**Cytological techniques**

The use of fine-needle aspiration in the evaluation of persistent palpable dominant breast masses (Hindle et al). 1993;168:1814-9

**Cytoreduction; see Cell reduction**

## D

**Danazol**

Impact of medical treatment of endometriosis on bone mass (Dawood). 1993;168:674-84 (Curr. dev.)

**Death, maternal; see Maternal mortality****Deceleration**

Variable decelerations during the second stage of labor (Fruchter) (Letter); (Ball and Parer) (Reply). 1993;168:1892-3

**Decidua**

Adaptive immune responses during murine pregnancy: pregnancy-induced regulation of lymphokine production by activated T lymphocytes (Dudley et al). 1993;168:1155-63

Perinatal effects of *Gardnerella vaginalis* deciduitis in the rabbit (Field et al). 1993;168:988-94

$\gamma\delta$ T cells in human decidua (Ditzian-Kadanoff et al). 1993;168:831-6

**Decorin; see Dermatan sulfate****Deep venous thrombosis; see Thrombophlebitis****Delivery**

Experience with external cephalic version and selective vaginal breech delivery in private practice (Cook). 1993;168:1886-90

Successful pregnancies and vaginal deliveries after sacrospinous uterosacral fixation in five of nineteen patients (Kovac and Cruikshank). 1993;168:1778-86

**Delivery of health care**

Bright seashells on the sand (Pearse). 1993;168:1071-5

**Deoxyribonucleic acid; see DNA****Depression**

Depressive disorders after a spontaneous abortion (Garel et al) (Letter); (Neugebauer et al) (Reply). 1993;168:1005-6  
Postpartum depression and companionship in the clinical birth environment: a randomized, controlled study (Wolman et al). 1993;168:1388-93

**Dermatan sulfate**

Collagenase, its inhibitors, and decorin in the lower uterine segment in pregnant women (Rechberger and Woessner). 1993;168:1598-603

**Desogestrel**

Combined oral contraception with desogestrel/ethinyl estradiol: tolerability profile (Kaunitz). 1993;168:1028-33

Contraceptive efficacy of a monophasic oral contraceptive containing desogestrel (Corson). 1993;168:1017-20

Desogestrel: a progestin for the 1990s (Burkman). 1993;168:1009

Effects of desogestrel on carbohydrate metabolism (Shoupe). 1993;168:1041-7

The effects of hemostasis of oral contraceptives containing desogestrel (Stubblefield). 1993;168:1047-52

Lipid metabolism effects with desogestrel-containing oral contraceptives (Burkman). 1993;168:1033-40

Pharmacokinetics of desogestrel (McClamrock and Adashi). 1993;168:1021-8

Selectivity information on desogestrel (Collins). 1993;168:1010-6

**Dexamethasone**

Dexamethasone reverses the labor-associated myometrial desensitization to  $\beta$ -adrenergic agonists in the rat (Kocan et al). 1993;168:961-8

**Diabetes, gestational**

Effect of prolonged oral terbutaline therapy on glucose tolerance in pregnancy (Foley et al). 1993;168:100-5

Gestational diabetes: predictors of subsequent disordered glucose metabolism (Coustan et al). 1993;168:1139-45

Gestational diabetes alters human placental vascular responses to changes in oxygen tension (Figueroa et al). 1993;168:1616-22

**Diabetes in pregnancy; see Pregnancy in diabetes****Diabetes mellitus; see also Pregnancy in diabetes**

Diabetes mellitus and fertility control: contraception management issues (Mestman and Schmidt-Sarosi). 1993;168:2012-20

**Diaphragmatic hernia; see Hernia, diaphragmatic****Diet**

Dietary calcium and manganese effects on menstrual cycle symptoms (Penland and Johnson). 1993;168:1417-23

The PROEF diet—a new postoperative regimen for oral early feeding (Weinstein et al). 1993;168:128-31

**Dihydralazine**

Malignant ventricular arrhythmias in eclampsia: a comparison of labetalol with dihydralazine (Bhorat et al). 1993;168:1292-6

**Dinoprostone**

Hyperstimulation and the controlled release prostaglandin pessary (Taylor and MacKenzie) (Letter); (Taylor and MacKenzie) (Reply). 1993;168:1003-4

**DNA**

Deoxyribonucleic acid analysis facilitates the pretreatment identification of high-risk endometrial cancer patients (Podratz et al). 1993;168:1206-15

Rapid diagnosis and classification of hydatidiform moles

with polymerase chain reaction (Fisher and Newlands). 1993;168:563-9

#### **DNA mutational analysis**

Cystic fibrosis mutations in white and black Americans: an approach to identification of unknown mutations with implications for cystic fibrosis screening (Phillips et al). 1993;168:1076-82

#### **Donor insemination; see Insemination, artificial**

#### **Doppler echocardiography; see Echocardiography, Doppler**

#### **Doppler ultrasonography; see Ultrasonography**

#### **Doppler velocimetry; see Flowmeters**

#### **Down's syndrome**

Fetal choroid plexus cysts (Klein et al). 1993;168:277-8 (Letter)

Free  $\alpha$ -subunit of human chorionic gonadotropin in Down syndrome (Spencer). 1993;168:132-5

Humerus and femur length shortening in the detection of Down's syndrome (Nyberg et al). 1993;168:534-8

Maternal serum screening for  $\alpha$ -fetoprotein, unconjugated estriol, and human chorionic gonadotropin between 11 and 15 weeks of pregnancy to detect fetal chromosome abnormalities (Crandall et al). 1993;168:1864-9

The need to reevaluate trisomy screening for advanced maternal age in prenatal diagnosis (Clark et al). 1993;168:812-6

#### **Drug resistance**

Detection of multi-drug-resistance marker P-170 protein in cervical carcinomas by using immunohistochemical technique (Farghaly) (Letter); (Schneider) (Reply). 1993;168:276-7

#### **Drug therapy**

Phase II trial of ifosfamide and mesna in patients with advanced or recurrent squamous carcinoma of the cervix who had never received chemotherapy: a Gynecologic Oncology Group study (Sutton et al). 1993;168:805-7

Transitional cell carcinoma of the ovary: a matched control study of advanced-stage patients treated with cisplatin-based chemotherapy (Gershenson et al). 1993;168:1178-87

#### **Drugs**

Prospective follow-up of adverse reactions in breast-fed infants exposed to maternal medication (Ito et al). 1993;168:1393-9

#### **Ductus arteriosus**

Effect of advancing gestational age on the frequency of fetal ductal constriction in association with maternal indomethacin use (Moise). 1993;168:1350-3

#### **Ductus venosus**

Doppler ultrasonography of human fetal ductus venosus (Mari and VanDeKerkhove). 1993;168:277 (Letter)

#### **Dyslipidemia**

Contraception and dyslipidemia (Knopp et al). 1993;168:1994-2005

#### **Dystocia**

Reducing cesarean births at a primarily private university hospital (Socol et al). 1993;168:1748-58

Shoulder dystocia: an analysis of risks and obstetric maneuvers (Nocon et al). 1993;168:1732-9

#### **E**

#### **Early pregnancy; see Pregnancy trimester, first**

#### **Echocardiography, Doppler**

Accuracy of right ventricular output estimated by Doppler echocardiography in the sheep fetus (Shiraishi et al). 1993;168:947-53

#### **Eclampsia**

Malignant ventricular arrhythmias in eclampsia: a comparison of labetalol with dihydralazine (Bhorat et al). 1993;168:1292-6

#### **Editorials**

Summary of analysis of published articles. 1993;168:743-4 (Editorial)

#### **Education**

Not to decide is to decide (Dunn). 1993;168:1053-62 (Pres. address)

#### **Electrocoagulation**

Outpatient excisional management of cervical intraepithelial neoplasia (Oyesanya et al). 1993;168:485-8

#### **Electronics**

Intrapartum fetal heart rate assessment: monitoring by auscultation or electronic means (Morrison et al). 1993;168:63-6

The paradox of electronic fetal monitoring: more data may not enable us to predict or prevent infant neurologic morbidity (Rosen and Dickinson). 1993;168:745-51 (Clin. opinion)

#### **Embolism**

Acute hemodynamic and respiratory effects of amniotic fluid embolism in the pregnant goat model (Hankins et al). 1993;168:1113-30

A simple, noninvasive, sensitive method for diagnosis of amniotic fluid embolism by monoclonal antibody TKH-2 that recognizes NeuAc $\alpha$ 2-6GalNAc (Kobayashi et al). 1993;168:848-53

#### **Embryo**

Embryoscopic demonstration of hemorrhagic lesions on the human embryo after placental trauma (Quintero et al). 1993;168:756-9

Transabdominal thin-gauge embryofetoscopy: a technique for early prenatal diagnosis and its use in the diagnosis of a case of Meckel-Gruber syndrome (Quintero et al). 1993;168:1552-7

#### **Embryo transfer**

The use of surrogate gestational carriers for assisted reproductive technologies (Marrs et al). 1993;168:1858-63

#### **Emergency services**

Emergency peripartum hysterectomy and associated risk factors (Stanco et al). 1993;168:879-83

Emergency peripartum hysterectomy (Zelop et al). 1993;168:1443-8

#### **Employment**

Are physical activity and employment related to preterm birth and low birth weight? (Simpson). 1993;168:1231-8

#### **End-diastolic velocity; see Blood flow velocity**

#### **Endocrine glands**

Contraceptive choices for women with endocrine complications (Loriaux and Wild). 1993;168:2021-6

#### **Endocrinology**

Menopause without symptoms: the endocrinology of menopause among rural Mayan Indians (Martin et al). 1993;168:1839-45

#### **Endometrial neoplasms**

Deoxyribonucleic acid analysis facilitates the pretreatment identification of high-risk endometrial cancer patients (Podratz et al). 1993;168:1206-15

Impact of contraception on gynecologic cancers (Herbst and Berek). 1993;168:1980-5

Seeking early medical attention after vaginal bleeding will not assure mild disease in postmenopausal endometrial carcinoma (Shipley and Nelson). 1993;168:555-6

**Endometriosis**

- Impact of medical treatment of endometriosis on bone mass (Dawood). 1993;168:674-84 (Curr. dev.)  
Increased chemotactic activity of peritoneal fluid in patients with endometriosis (Leiva et al). 1993;168:592-8

**Endometritis**

- Microinvasion of the amniotic cavity increases the risk of post-cesarean section endometritis (Poka and Lampe) (Letter); (Romero et al) (Reply). 1993;168:275-6

**Endometrium**

- A comparison of the Pipelle device and the Vabra aspirator as measured by endometrial denudation in hysterectomy specimens: the Pipelle device samples significantly less of the endometrial surface than the Vabra aspirator (Rodriguez et al). 1993;168:55-9  
Effect of administration route and estrogen manipulation on endometrial uptake of Photofrin porfimer sodium (Chapman et al). 1993;168:685-92  
The effect of growth factors on the proliferation of human endometrial stromal cells in culture (Hammond et al). 1993;168:1131-8  
Evidence of lasting functional destruction of the rat endometrium after 5-aminolevulinic acid-induced photodynamic ablation: prevention of implantation (Yang et al). 1993;168:995-1001  
Expression and localization of matrilysin, a matrix metalloproteinase, in human endometrium during the reproductive cycle (Rodgers et al). 1993;168:253-60  
Transvaginal ultrasonography and the assessment of luteal phase endometrium (Doherty et al). 1993;168:1702-9

**Endoscopy**

- Transabdominal thin-gauge embryofetoscopy: a technique for early prenatal diagnosis and its use in the diagnosis of a case of Meckel-Gruber syndrome (Quintero et al). 1993;168:1552-7

**Endothelins**

- Endothelin-1: immunocytochemistry, localization of binding sites, and contractile effects in human uteroplacental smooth muscle (Svane et al). 1993;168:233-41  
Plasma concentration of endothelin-1 in women with cocaine-associated pregnancy complications (Samuels et al). 1993;168:528-33  
Responses of placental arteries from normotensive and preeclamptic women to endogenous vasoactive agents (Inayatulla et al). 1993;168:869-74  
Urinary endothelin-1: not a useful marker for preeclampsia (Barton et al). 1993;168:599-601

**Endothelium**

- The effect of acetaminophen on prostacyclin production in pregnant women (O'Brien et al). 1993;168:1164-9  
Induction of endothelial cell tissue factor activity by sera from patients with antiphospholipid syndrome: a possible mechanism of thrombosis (Branch and Rodgers). 1993;168:206-10

**Endothelium, vascular**

- Abnormal endothelial cell function of resistance arteries from women with preeclampsia (McCarthy et al). 1993;168:1323-30  
Effect of the vascular endothelium on norepinephrine-induced contractions in uterine radial arteries from the nonpregnant and pregnant human uterus (Steele et al). 1993;168:1623-8

**Endotoxins**

- Endotoxin-induced fetal growth retardation in the pregnant guinea pig (Beckmann et al). 1993;168:714-8

**Enzyme immunoassay; see Immunoenzyme techniques****Enzyme induction**

- Contraceptive methods for women with neurologic disorders (Mattson and Rebar). 1993;168:2027-32

**Enzyme inhibitors**

- Collagenase, its inhibitors, and decorin in the lower uterine segment in pregnant women (Rechberger and Woessner). 1993;168:1598-603

**Epidermal growth factor receptor; see Receptors, epidermal growth factor-uogastrone****Epidermal growth factor-uogastrone**

- Expression of messenger ribonucleic acid for epidermal growth factor receptor and its ligands, epidermal growth factor and transforming growth factor- $\alpha$ , in human first- and second-trimester fetal ovary and uterus (Yeh et al). 1993;168:1569-73

**Epilepsy**

- Contraceptive choices for women with medical problems: introduction (Grimes et al). 1993;168:1979  
Contraceptive methods for women with neurologic disorders (Mattson and Rebar). 1993;168:2027-32

**Episiotomy**

- Postpartum perineal morbidity after fourth-degree perineal repair (Goldaber et al). 1993;168:489-9

**Epithelial cells**

- Estrogen and progesterone receptor content in breast epithelial cells from healthy women during the menstrual cycle (Söderqvist et al). 1993;168:874-9

**Epithelial ovarian cancer; see Ovarian neoplasms****Epoprostenol**

- Abnormal endothelial cell function of resistance arteries from women with preeclampsia (McCarthy et al). 1993;168:1323-30  
The effect of acetaminophen on prostacyclin production in pregnant women (O'Brien et al). 1993;168:1164-9  
Effects of fish oil supplementation in the third trimester of pregnancy on prostacyclin and thromboxane production (Sørensen et al). 1993;168:915-22

**Equipment and supplies**

- The Clarke ligator (Clarke). 1993;168:1642 (Letter)

**Erythrocytes**

- Urinary red blood cell and cast excretion in normal and hypertensive human pregnancy (Gallery et al). 1993;168:67-70

**Erythropoietin**

- Effect of intravenous  $\beta$ -sympathomimetic tocolysis on human fetal serum erythropoietin levels (Rouse et al). 1993;168:1278-82  
Fetal plasma erythropoietin concentration in severe growth retardation (Snijders et al). 1993;168:615-9  
Fetal plasma erythropoietin in pregnancies complicated by maternal diabetes mellitus (Salvesen et al). 1993;168:88-94

**Estradiol**

- The effect of sustained exercise on follicular phase levels of 17 $\beta$ -estradiol in recreational athletes (Clapp et al). 1993;168:581-4  
Preventive effects of transdermal 17 $\beta$ -estradiol on osteoporotic changes after surgical menopause: a two-year placebo-controlled trial (Field et al). 1993;168:114-21  
Quality of life of postmenopausal women on a regimen of transdermal estradiol therapy: a double-blind placebo-controlled study (Wiklund et al). 1993;168:824-30

**Estriol**

- Maternal serum screening for  $\alpha$ -fetoprotein, unconjugated

- estriol, and human chorionic gonadotropin between 11 and 15 weeks of pregnancy to detect fetal chromosome abnormalities (Crandall et al). 1993;168:1864-9
- More about low maternal serum human chorionic gonadotropin and unconjugated estriol values in triploidy (Fejgin et al). 1993;168:1641 (Letter)
- Estrogen receptor; see Receptors, estrogen**
- Estrogen replacement therapy**
- Estrogen and interrupted progestin: a new concept for menopausal hormone replacement therapy (Casper and Chapdelaine). 1993;168:1188-96
- Hormone replacement therapy and risk of breast cancer: results from epidemiologic studies (Colditz et al). 1993;168:1473-80
- Long-term effects of hormone replacement therapy on the uterus and on uterine circulation (Pirhonen et al). 1993;168:620-3
- Quality of life of postmenopausal women on a regimen of transdermal estradiol therapy: a double-blind placebo-controlled study (Wiklund et al). 1993;168:824-30
- Estrogens**
- Changes in 17 $\beta$ ,20 $\alpha$ -hydroxysteroid dehydrogenase activity supporting an increase in the estrogen/progesterone ratio of human fetal membranes at parturition (Mitchell and Wong). 1993;168:1377-85
- Contraceptive choices in women with coagulation disorders (Comp and Zacur). 1993;168:1990-3
- Effect of administration route and estrogen manipulation on endometrial uptake of Photofrin porfimer sodium (Chapman et al). 1993;168:685-92
- Estrogen and interrupted progestin: a new concept for menopausal hormone replacement therapy (Casper and Chapdelaine). 1993;168:1188-96
- Hormone replacement therapy and risk of breast cancer: results from epidemiologic studies (Colditz et al). 1993;168:1473-80
- Preventive effects of transdermal 17 $\beta$ -estradiol on osteoporotic changes after surgical menopause: a two-year placebo-controlled trial (Field et al). 1993;168:114-21

**Fetal blood—cont'd**

compromise (Chandran and Serra-Serra) (Letter); (Mari and Deter) (Reply). 1993;168:1335-6

Simultaneous fetal and maternal cotinine levels in pregnant women smokers (Donnenfeld et al). 1993;168:781-2

**Fetal death**

Active management of prolonged pregnancy (Votta and Cibilis). 1993;168:557-63

Induction of endothelial cell tissue factor activity by sera from patients with antiphospholipid syndrome: a possible mechanism of thrombosis (Branch and Rodgers). 1993;168:206-10

Midtrimester selective delivery of an acardiac twin (Wenstrom) (Letter); (Ginsberg) (Reply). 1993;168:1647

Placental sulfatase deficiency and congenital ichthyosis with intrauterine fetal death: case report (Rizk and Johansen). 1993;168:570-1

Protein S deficiency in pregnancy: a case report (Tharakan et al). 1993;168:141-2

Two cases of multiple umbilical cord abnormalities resulting in stillbirth: prenatal observation with ultrasonography and fetal heart rates (Collins). 1993;168:125-8

**Fetal development**

Effects of repeated administration of cocaine to the fetal sheep in the last days of pregnancy (Derks et al). 1993;168:719-23

Perinatal effects of *Gardnerella vaginalis* decidualitis in the rabbit (Field et al). 1993;168:988-94

**Fetal distress**

Oligohydramnios: antepartum fetal urine production and intrapartum fetal distress (Owen). 1993;168:1897 (Letter)

Questions on prophylactic amnioinfusion as a treatment for oligohydramnios (Chauhan and Morrison) (Letter); (Schrimmer) (Reply). 1993;168:1006-7

**Fetal growth retardation**

Diagnosis of fetal infection in the patient with an ultrasonographically detected abnormality but a negative clinical history (Weiner et al). 1993;168:6-11 (Clin. opinion)

Endotoxin-induced fetal growth retardation in the pregnant guinea pig (Beckmann et al). 1993;168:714-8

Fetal growth retardation: associated malformations and chromosomal abnormalities (Snijders et al). 1993;168:547-55

Fetal plasma erythropoietin concentration in severe growth retardation (Snijders et al). 1993;168:615-9

Intrauterine growth retardation and preterm delivery (Ott). 1993;168:1710-7

Low-dose aspirin in the prevention of preeclampsia and fetal growth retardation: rationale, mechanisms, and clinical trials (Dekker and Sibai). 1993;168:214-27 (Curr. dev.)

Low target birth weight or growth retardation? Umbilical Doppler flow velocity waveforms and histometric analysis of fetoplacental vascular tree (Hirschfeld et al). 1993;168:1260-4

Maternal risk factors and their influence on fetal anthropometric measurements (Goldenberg et al). 1993;168:1197-205

Maternal serum  $\alpha$ -fetoprotein and premature delivery (Johnson). 1993;168:1892 (Letter)

**Fetal heart**

Accuracy of right ventricular output estimated by Doppler echocardiography in the sheep fetus (Shiraishi et al). 1993;168:947-53

Effects of maternal ingestion of low-dose aspirin on the fetal cardiovascular system (Veille et al). 1993;168:1430-7

Effects of methyldopa on uteroplacental and fetal hemodynamics in pregnancy-induced hypertension (Montan et al). 1993;168:152-6

Ontogeny of angiotensin II vascular smooth muscle receptors in ovine fetal aorta and placental and uterine arteries (Rosenfeld et al). 1993;168:1562-9

**Fetal heart rate; see Heart rate, fetal****Fetal macrosomia**

Fetal pancreatic  $\beta$ -cell function in pregnancies complicated by maternal diabetes mellitus: relationship to fetal acidemia and macrosomia (Salvesen et al). 1993;168:1363-9

**Fetal membranes**

Changes in  $17\beta,20\alpha$ -hydroxysteroid dehydrogenase activity supporting an increase in the estrogen/progesterone ratio of human fetal membranes at parturition (Mitchell and Wong). 1993;168:1377-85

The relationship between spontaneous rupture of membranes, labor, and microbial invasion of the amniotic cavity and amniotic fluid concentrations of prostaglandins and thromboxane  $B_2$  in term pregnancy (Romero et al). 1993;168:1654-68

Fibrinolytic components in fetal membranes and amniotic fluid (Watanabe et al). 1993;168:1283-9

**Fetal membranes, premature rupture**

Antibiotics in the treatment of preterm labor (Kirschbaum). 1993;168:1239-46

Clinical characteristics and outcome of twin gestation complicated by preterm premature rupture of the membranes (Mercer et al). 1993;168:1467-73

Coitus late in pregnancy: risk of preterm rupture of amniotic sac membranes (Ekwo et al). 1993;168:22-31

Maternal placental vasculopathy and infection: two distinct subgroups among patients with preterm labor and preterm ruptured membranes (Arias et al). 1993;168:585-91

Microinvasion of the amniotic cavity increases the risk of post-cesarean section endometritis (Poka and Lampe) (Letter); (Romero et al) (Reply). 1993;168:275-6

Premature rupture of membranes at <25 weeks: a management dilemma (Morales and Talley). 1993;168:503-7

**Fetal monitoring**

Antepartum fetal surveillance in patients with diabetes: When to start? (Lagrew et al). 1993;168:1820-6

A comparison of visual and automated methods of analyzing fetal heart rate tests (Hiatt et al). 1993;168:1517-21

Intrapartum fetal heart rate assessment: monitoring by auscultation or electronic means (Morrison et al). 1993;168:63-6

Observations of intrapartum fetal activities (Ash et al). 1993;168:760-4

The paradox of electronic fetal monitoring: more data may not enable us to predict or prevent infant neurologic morbidity (Rosen and Dickinson). 1993;168:745-51 (Clin. opinion)

**Fetal movement**

Effect of fetal movement on the amniotic fluid index (Wax et al). 1993;168:188-9

Maternal caffeine consumption and fetal behavior in normal third-trimester pregnancy (Devoe et al). 1993;168:1105-12

Observations of intrapartum fetal activities (Ash et al). 1993;168:760-4

**Fetal organ maturity**

Does maternal diabetes delay fetal pulmonary maturity? (Piper and Langer). 1993;168:783-6

- Cystic fibrosis mutations in white and black Americans: an approach to identification of unknown mutations with implications for cystic fibrosis screening (Phillips et al). 1993;168:1076-82  
Early transabdominal chorionic villus sampling in couples at high genetic risk (Monni et al). 1993;168:170-3  
Reporting the results of cystic fibrosis carrier screening (Asch et al). 1993;168:1-6 (Clin. opinion)

### Genital neoplasms, female

- Impact of contraception on gynecologic cancers (Herbst and Berek). 1993;168:1980-5

### Gestational age

- Accuracy of gestational age estimation by means of fetal crown-rump length measurement (Daya). 1993;168:903-9  
Effect of advancing gestational age on the frequency of fetal ductal constriction in association with maternal indomethacin use (Moise). 1993;168:1350-3  
Fetal sacral length in the ultrasonographic assessment of gestational age (Sherer et al). 1993;168:626-33  
Intrauterine growth retardation and preterm delivery (Ott). 1993;168:1710-7  
A multicenter study of preterm birth weight and gestational age-specific neonatal mortality (Copper et al). 1993;168:78-84  
Perinatal factors influencing survival at twenty-four weeks' gestation (Silver et al). 1993;168:1724-31  
Predictors of human gestational length (Mittendorf et al). 1993;168:480-4  
Twin gestation: fetal presentation as a function of gestational age (Divon et al). 1993;168:1500-2

### Gestational diabetes; see Diabetes, gestational

### Gloves, surgical

- Frequency of glove perforations and subsequent blood contact in association with selected obstetric surgical procedures (Chapman and Duff). 1993;168:1354-7

### Glucose

- Gestational diabetes: predictors of subsequent disordered glucose metabolism (Coustan et al). 1993;168:1139-45

**Glucose—cont'd**

The temporal relationship between maternal blood and amniotic fluid glucose levels (Romem et al). 1993;168:611-4

**Glucose tolerance test**

Effect of prolonged oral terbutaline therapy on glucose tolerance in pregnancy (Foley et al). 1993;168:100-5

**Gonadorelin**

Impact of medical treatment of endometriosis on bone mass (Dawood). 1993;168:674-84 (Curr. dev.)

Leiomyosarcomas: clinical presentation (Schwartz et al). 1993;168:180-3

**Gonadotropins, chorionic**

An association between elevated levels of human chorionic gonadotropin in the midtrimester and adverse pregnancy outcome (Lieppman et al). 1993;168:1852-7

Free  $\alpha$ -subunit of human chorionic gonadotropin in Down syndrome (Spencer). 1993;168:132-5

Identification of patients with persistent trophoblastic disease by means of a normal human chorionic gonadotropin regression curve (Yedema et al). 1993;168:787-92

Maternal serum screening for  $\alpha$ -fetoprotein, unconjugated estriol, and human chorionic gonadotropin between 11 and 15 weeks of pregnancy to detect fetal chromosome abnormalities (Crandall et al). 1993;168:1864-9

More about low maternal serum human chorionic gonadotropin and unconjugated estriol values in triploidy (Fejgin et al). 1993;168:1641 (Letter)

Selecting human chorionic gonadotropin immunoassays: consideration of cross-reacting molecules in first-trimester pregnancy serum and urine (Cole et al). 1993;168:1580-6

**Graft rejection**

Pregnancy in liver transplant recipients: course and outcome in 19 cases (Ville et al). 1993;168:896-902

**Granulosa cells**

Total number of particles in a bounded region estimated directly with the nucleator: granulosa cell number in ovarian follicles (Bagger et al). 1993;168:724-31

**Group B streptococcus; see *Streptococcus agalactiae*****Growth factors; see Growth substances****Growth retardation, fetal; see Fetal growth retardation****Growth substances**

The effect of growth factors on the proliferation of human endometrial stromal cells in culture (Hammond et al). 1993;168:1131-8

**Gynecologic surgery; see Surgery, gynecologic****H****Health**

Reproductive health: a global perspective (Sciarrà). 1993;168:1649-54 (Pres. address)

**Heart failure**

Peripartum heart failure associated with prolonged tocolytic therapy (Lampert et al). 1993;168:493-5

Prenatal ultrasonographic diagnosis of intracranial teratoma and massive craniomegaly with associated high-output cardiac failure (Sherer et al). 1993;168:97-9

**Heart rate**

Effect of pregnancy on the vasodepressor response to atrial natriuretic factor (Castro et al). 1993;168:979-84

Maternal and fetal cardiorespiratory responses to adenosine in sheep (Mason et al). 1993;168:1558-61

**Heart rate, fetal**

A comparison between visual and computer analysis of an-

tepartum fetal heart rate tracings (Gagnon et al). 1993;168:842-7

A comparison of visual and automated methods of analyzing fetal heart rate tests (Hiatt et al). 1993;168:1517-21

The development of abnormal heart rate patterns after absent end-diastolic velocity in umbilical artery: analysis of risk factors (Arduini et al). 1993;168:43-50

Fetal heart rate response to sustained recreational exercise (Clapp et al). 1993;168:198-206

The influence of elective amniotomy on fetal heart rate patterns and the course of labor in term patients: a randomized study (Garite et al). 1993;168:1827-32

Intermittent sinusoidal heart rate pattern in vagotomized fetal lambs (Ninomiya et al). 1993;168:731-5

Intrapartum auscultation of the fetal heart rate (Strong and Jarles). 1993;168:935-6

Intrapartum fetal heart rate assessment: monitoring by auscultation or electronic means (Morrison et al). 1993;168:63-6

Large fetal heart rate decelerations at term associated with changes in fetal heart rate variation (Dawes et al). 1993;168:105-11

Maternal and fetal cardiorespiratory responses to adenosine in sheep (Mason et al). 1993;168:1558-61

Maternal caffeine consumption and fetal behavior in normal third-trimester pregnancy (Devoe et al). 1993;168:1105-12

The paradox of electronic fetal monitoring: more data may not enable us to predict or prevent infant neurologic morbidity (Rosen and Dickinson). 1993;168:745-51 (Clin. opinion)

Two cases of multiple umbilical cord abnormalities resulting in stillbirth: prenatal observation with ultrasonography and fetal heart rates (Collins). 1993;168:125-8

Variable decelerations during the second stage of labor (Fruchter) (Letter); (Ball and Parer) (Reply). 1993;168:1892-3

**Hemodynamics**

Acute hemodynamic and respiratory effects of amniotic fluid embolism in the pregnant goat model (Hankins et al). 1993;168:1113-30

Effects of labetalol on uterine blood flow and cardiovascular hemodynamics in the hypertensive gravid baboon (Morgan et al). 1993;168:1574-9

Effects of methyldopa on uteroplacental and fetal hemodynamics in pregnancy-induced hypertension (Montan et al). 1993;168:152-6

Hemodynamic and fluid responses to furosemide infusion in the ovine fetus (Kelly et al). 1993;168:260-8

**Hemolysis**

Acute renal failure in pregnancies complicated by hemolysis, elevated liver enzymes, and low platelets (Sibai and Ramadan). 1993;168:1682-90

**Hemorrhage**

Embryoscopic demonstration of hemorrhagic lesions on the human embryo after placental trauma (Quintero et al). 1993;168:756-9

Estrogen and interrupted progesterin: a new concept for menopausal hormone replacement therapy (Casper and Chapdelaine). 1993;168:1188-96

A randomized trial of low-dose heparin and intermittent pneumatic calf compression for the prevention of deep venous thrombosis after gynecologic oncology surgery (Clarke-Pearson et al). 1993;168:1146-54

A randomized trial of three oral contraceptives: comparison

- of bleeding patterns by contraceptive types and steroid levels (Saleh et al). 1993;168:1740-7
- Seeking early medical attention after vaginal bleeding will not assure mild disease in postmenopausal endometrial carcinoma (Shipley and Nelson). 1993;168:555-6
- Hemorrhagic disease of newborn**
- Increased incidence of neonatal vitamin K deficiency resulting from maternal anticonvulsant therapy (Cornelissen et al). 1993;168:923-8

- Hyperandrogenism; see Androgens**
- Hyperbaric oxygenation**
- Hyperbaric oxygenation for necrotizing fasciitis (Kol and Melamed) (Letter); (Dotters et al) (Reply). 1993;168:1336

**Hypercholesterolemia**

Contraceptive choices for women with medical problems: introduction (Grimes et al). 1993;168:1979

**Hyperlipidemia**

Contraception and dyslipidemia (Knopp et al). 1993;168:1994-2005

**Hypermagnesemia; see Magnesium****Hyperprolactinemia**

Role of melatonin in nocturnal prolactin secretion in women with normoprolactinemia and mild hyperprolactinemia (Okatani and Sagara). 1993;168:854-61

**Hypertension**

Abruptio placentae and very high parity (Seidman et al) (Letter); (Pritchard) (Reply). 1993;168:1641-2

Association between pregnancy-induced hypertension and asthma during pregnancy (Lehrer et al). 1993;168:1463-6

Considerations for contraception in women with cardiovascular disorders (Sullivan and Lobo). 1993;168:2006-11

Contraceptive choices for women with medical problems: introduction (Grimes et al). 1993;168:1979

Effects of labetalol on uterine blood flow and cardiovascular hemodynamics in the hypertensive gravid baboon (Morgan et al). 1993;168:1574-9

Effects of methyldopa on uteroplacental and fetal hemodynamics in pregnancy-induced hypertension (Montan et al). 1993;168:152-6

Platelet-activating factor-acetylhydrolase activity in normotensive and hypertensive pregnancies (Maki et al). 1993;168:50-4

Pregnancy in liver transplant recipients: course and outcome in 19 cases (Ville et al). 1993;168:896-902

Secretion of prostanoids by platelets and monocytes in normal and hypertensive pregnancies (Hawkins et al). 1993;168:661-7

Severe pregnancy-induced hypertension and blood pressure control during general anesthesia: Nitroglycerin or opioids, the logical choice? (Downing) (Letter); (Longmire) (Reply). 1993;168:1331-3

Urinary red blood cell and cast excretion in normal and hypertensive human pregnancy (Gallery et al). 1993;168:67-70

**Hypertriglyceridemia**

Endotoxin-induced fetal growth retardation in the pregnant guinea pig (Beckmann et al). 1993;168:714-8

**Hypoglycemia**

Endotoxin-induced fetal growth retardation in the pregnant guinea pig (Beckmann et al). 1993;168:714-8

**Hysterectomy**

A comparison of the Pipelle device and the Vabra aspirator as measured by endometrial denudation in hysterectomy specimens: the Pipelle device samples significantly less of the endometrial surface than the Vabra aspirator (Rodriguez et al). 1993;168:55-9

Emergency peripartum hysterectomy (Zelop et al). 1993;168:1443-8

Emergency peripartum hysterectomy and associated risk factors (Stanco et al). 1993;168:879-83

Hysterectomized women with ovarian conservation report more severe climacteric complaints than do normal climacteric women of similar age (Oldenhave et al). 1993;168:765-71

Laparoscopic radical hysterectomy (Querleu) (Letter); (Nezhad) (Reply). 1993;168:1643-4

Laparoscopic radical hysterectomy with paraaortic and pelvic lymph node dissection? (Spirtos). 1993;168:1643 (Letter)

**Hysterectomy, vaginal**

Bilateral attachment of the vaginal cuff to iliococcygeus fascia: an effective method of cuff suspension (Shull et al). 1993;168:1669-77

Laparoscopically assisted vaginal hysterectomy in a university hospital: report of 82 cases and comparison with abdominal and vaginal hysterectomy (Boike et al). 1993;168:1690-701

The outpatient vaginal hysterectomy (Powers et al). 1993;168:1875-80

Schauta-Amreich vaginal hysterectomy and Wertheim-Meigs abdominal hysterectomy in the treatment of cervical cancer: a retrospective analysis (Massi et al). 1993;168:928-34

**I****Ichthyosis, X-linked**

Placental sulfatase deficiency and congenital ichthyosis with intrauterine fetal death: case report (Rizk and Johansen). 1993;168:570-1

**Ifosfamide**

Phase II trial of ifosfamide and mesna in patients with advanced or recurrent squamous carcinoma of the cervix who had never received chemotherapy: a Gynecologic Oncology Group study (Sutton et al). 1993;168:805-7

**Iliococcygeus fascia; see Sacrococcygeal region****Immune system**

Adaptive immune responses during murine pregnancy: pregnancy-induced regulation of lymphokine production by activated T lymphocytes (Dudley et al). 1993;168:1155-63

**Immunoassay**

Selecting human chorionic gonadotropin immunoassays: consideration of cross-reacting molecules in first-trimester pregnancy serum and urine (Cole et al). 1993;168:1580-6

**Immunoenzyme techniques**

Rapid intrapartum detection of group B streptococcal colonization with an enzyme immunoassay (Armer et al). 1993;168:39-43

**Immunohistochemistry**

Detection of multi-drug-resistance marker P-170 protein in cervical carcinomas by using immunohistochemical technique (Farghaly) (Letter); (Schneider) (Reply). 1993;168:276-7

Endothelin-1: immunocytochemistry, localization of binding sites, and contractile effects in human uteroplacental smooth muscle (Svane et al). 1993;168:233-41

**Immunosuppression**

Pregnancy in liver transplant recipients: course and outcome in 19 cases (Ville et al). 1993;168:896-902

**Immunotherapy**

The effect of antibodies and immunotoxins reactive with HER-2/neu on growth of ovarian and breast cancer cell lines (Rodriguez et al). 1993;168:228-32

Flow cytometric crossmatch and early pregnancy loss in women with a history of recurrent spontaneous abortions who underwent paternal leukocyte immunotherapy (Maruyama et al). 1993;168:1528-36

**Immunotoxins**

The effect of antibodies and immunotoxins reactive with

- HER-2/*neu* on growth of ovarian and breast cancer cell lines (Rodriguez et al). 1993;168:228-32
- Implantation;** *see* **Ovum implantation**
- In situ hybridization;** *see* **Hybridization**

- Are physical activity and employment related to preterm birth and low birth weight? (Simpson). 1993;168:1231-8
- An association between elevated levels of human chorionic gonadotropin in the midtrimester and adverse pregnancy outcome (Lieppman et al). 1993;168:1852-7
- Effect of age, parity, and smoking on pregnancy outcome: a population-based study (Cnattingius et al). 1993;168:16-21
- Perinatal factors influencing survival at twenty-four weeks' gestation (Silver et al). 1993;168:1724-31
- Why do small twins have a lower mortality rate than small singletons? (Buckens and Wilcox). 1993;168:937-4
- Infant, newborn**
- Increased incidence of neonatal vitamin K deficiency resulting from maternal anticonvulsant therapy (Cornelissen et al). 1993;168:923-8
- Supplementation of vitamin K in pregnant women receiving anticonvulsant therapy prevents neonatal vitamin K deficiency (Cornelissen et al). 1993;168:884-8
- Infant, premature**
- Are physical activity and employment related to preterm birth and low birth weight? (Simpson). 1993;168:1231-8
- Beneficial effects of the combined use of prenatal corticosteroids and postnatal surfactant on preterm infants (Jobe et al). 1993;168:508-13
- Does "idiopathic" preterm labor resulting in preterm birth exist? (Lettieri et al). 1993;168:1481-5
- Effect of age, parity, and smoking on pregnancy outcome: a population-based study (Cnattingius et al). 1993;168:16-21
- Immature lecithin/sphingomyelin ratios and neonatal respiratory course (Harper and Lorentz). 1993;168:495-8
- Intrauterine growth retardation and preterm delivery (Ott). 1993;168:1710-7
- Maternal serum  $\alpha$ -fetoprotein and premature delivery (Johnson). 1993;168:1892 (Letter)
- A multicenter study of preterm birth weight and gestational age-specific neonatal mortality (Copper et al). 1993;168:78-84
- Perinatal factors influencing survival at twenty-four weeks' gestation (Silver et al). 1993;168:1724-31
- Plea for continuation of antenatal steroids at 24 to 28 weeks' gestation (Davis). 1993;168:280-1 (Letter)
- Premature rupture of membranes at <25 weeks: a management dilemma (Morales and Talley). 1993;168:503-7

Preterm birth prevention: Where are we? (Creasy). 1993;168:1223-30

**Infant, small for gestational age**

- An association between elevated levels of human chorionic gonadotropin in the midtrimester and adverse pregnancy outcome (Lieppman et al). 1993;168:1852-7
- Effect of age, parity, and smoking on pregnancy outcome: a population-based study (Cnattingius et al). 1993;168:16-21
- Low target birth weight or growth retardation? Umbilical Doppler flow velocity waveforms and histometric analysis of fetoplacental vascular tree (Hitschold et al). 1993;168:1260-4
- Middle cerebral artery flow velocity waveforms and fetal compromise (Chandran and Serra-Serra) (Letter); (Mari and Deter) (Reply). 1993;168:1335-6

**Infant mortality**

- Beneficial effects of the combined use of prenatal corticosteroids and postnatal surfactant on preterm infants (Jobe et al). 1993;168:508-13
- A multicenter study of preterm birth weight and gestational age-specific neonatal mortality (Copper et al). 1993;168:78-84
- Perinatal factors influencing survival at twenty-four weeks' gestation (Silver et al). 1993;168:1724-31
- Why do small twins have a lower mortality rate than small singletons? (Buckens and Wilcox). 1993;168:937-4

**Infection**

- Diagnosis of fetal infection in the patient with an ultrasonographically detected abnormality but a negative clinical history (Weiner et al). 1993;168:6-11 (Clin. opinion)
- The relationship between spontaneous rupture of membranes, labor, and microbial invasion of the amniotic cavity and amniotic fluid concentrations of prostaglandins and thromboxane B<sub>2</sub> in term pregnancy (Romero et al). 1993;168:1654-68
- Maternal placental vasculopathy and infection: two distinct subgroups among patients with preterm labor and preterm ruptured membranes (Arias et al). 1993;168:585-91
- Placental interleukin-6 production is enhanced in intrauterine infection but not in labor (Matsuzaki et al). 1993;168:94-7

**Infection control**

- Frequency of glove perforations and subsequent blood contact in association with selected obstetric surgical procedures (Chapman and Duff). 1993;168:1354-7
- Should physicians infected with human immunodeficiency virus be allowed to perform surgery? (Strong). 1993;168:1344-9 (Clin. opinion)

**Infertility**

- Delayed care of pelvic inflammatory disease as a risk factor for impaired fertility (Hillis et al). 1993;168:1503-9
- Detection of *Chlamydia trachomatis* in semen by the polymerase chain reaction in male members of infertile couples (Witkin et al). 1993;168:1457-62
- Reproductive health: a global perspective (Sciarrà). 1993;168:1649-54 (Pres. address)

**Infusion pumps**

- Umbilical vessel oxytocin administration for retained placenta: in vitro study of various infusion techniques (Pippingas et al). 1993;168:793-5

**Infusions, intravenous**

Effect of rapid intravenous crystalloid infusion on utero-placental blood flow and placental implantation-site oxygen delivery in the pregnant ewe (Crino et al). 1993;168:1603-9

**Insemination, artificial**

Secrecy: an unresolved issue in the practice of donor insemination (Nachtigall). 1993;168:1846-51

**Insurance, health**

The women's health care component of the Oregon Basic Health Care Plan (Kirk). 1993;168:1870-4

**Interferon-gamma, recombinant**

Fetal plasma interferon gamma concentration in normal pregnancy (Abbas et al). 1993;168:1414-6

**Interleukin-1**

Transforming growth factor- $\beta_2$  prevents preterm delivery induced by interleukin-1 $\alpha$  and tumor necrosis factor- $\alpha$  in the rabbit (Bry and Hallman). 1993;168:1318-22

**Interleukin-6**

Placental interleukin-6 production is enhanced in intrauterine infection but not in labor (Matsuzaki et al). 1993;168:94-7

**Internship and residency**

Bright seashells on the sand (Pearse). 1993;168:1071-5  
Specialization in obstetrics and gynecology—changing standards (Merrill). 1993;168:1063-70

**Interpersonal relationships**

Postpartum depression and companionship in the clinical birth environment: a randomized, controlled study (Wolman et al). 1993;168:1388-93

**Intraobserver/interobserver variability; see Observer variation****Intrapartum period; see Labor****Intrauterine devices**

Diabetes mellitus and fertility control: contraception management issues (Mestman and Schmidt-Sarosi). 1993;168:2012-20

**Intrauterine growth retardation; see Fetal growth retardation****Islets of Langerhans**

Fetal pancreatic  $\beta$ -cell function in pregnancies complicated by maternal diabetes mellitus: relationship to fetal acidemia and macrosomia (Salvesen et al). 1993;168:1363-9

**Items**

Items. 1993;168:284, 742, 1008, 1338, 1648, 1922

**J****Judaism**

Pregnancy reduction in Jewish law (Rosner) (Letter); (Grazi and Wolowelsky) (Reply). 1993;168:278-9

**K****Kidney, physiology**

Fetal urine analysis for the assessment of renal function in obstructive uropathy (Lipitz et al). 1993;168:174-9

**Kidney diseases**

The use of saline solution as a contrast medium in suspected diaphragmatic hernia and renal agenesis (Haeusler et al). 1993;168:1486-92

**Kidney failure, acute**

Acute renal failure in pregnancies complicated by hemolysis, elevated liver enzymes, and low platelets (Sibai and Ramadan). 1993;168:1682-90

**Kidney failure, chronic**

Single- and multiple-dose pharmacokinetics of a low-dose oral contraceptive in women with chronic renal failure

undergoing peritoneal dialysis (Price et al). 1993;168:1400-6

**L****Labetalol**

Effects of labetalol on uterine blood flow and cardiovascular hemodynamics in the hypertensive gravid baboon (Morgan et al). 1993;168:1574-9

Malignant ventricular arrhythmias in eclampsia: a comparison of labetalol with dihydralazine (Bhorat et al). 1993;168:1292-6

**Labor**

Automated blood pressure measurements in laboring women: Are they reliable? (Marx et al). 1993;168:796-8

Changes in  $17\beta,20\alpha$ -hydroxysteroid dehydrogenase activity supporting an increase in the estrogen/progesterone ratio of human fetal membranes at parturition (Mitchell and Wong). 1993;168:1377-85

Dexamethasone reverses the labor-associated myometrial desensitization to  $\beta$ -adrenergic agonists in the rat (Kocan et al). 1993;168:961-8

The relationship between spontaneous rupture of membranes, labor, and microbial invasion of the amniotic cavity and amniotic fluid concentrations of prostaglandins and thromboxane  $B_2$  in term pregnancy (Romero et al). 1993;168:1654-68

The influence of elective amniotomy on fetal heart rate patterns and the course of labor in term patients: a randomized study (Garite et al). 1993;168:1827-32

Intrapartum auscultation of the fetal heart rate (Strong and Jarles). 1993;168:935-6

Observations of intrapartum fetal activities (Ash et al). 1993;168:760-4

Oncofetal fibronectin in patients with false labor as a predictor of preterm delivery (Morrison et al). 1993;168:538-42

Oxytocin modulates oxytocin neurons in the paraventricular nuclei of female rats throughout pregnancy and parturition (Kawarabayashi et al). 1993;168:969-74

Postpartum depression and companionship in the clinical birth environment: a randomized, controlled study (Wolman et al). 1993;168:1388-93

Supportive nurse-midwife care is associated with a reduced incidence of cesarean section (Butler et al). 1993;168:1407-13

**Labor, induced**

Hyperstimulation and the controlled release prostaglandin pessary (Taylor and MacKenzie) (Letter); (Taylor and MacKenzie) (Reply). 1993;168:1003-4

**Labor, premature**

Antibiotics in the treatment of preterm labor (Kirschbaum). 1993;168:1239-46

Are physical activity and employment related to preterm birth and low birth weight? (Simpson). 1993;168:1231-8

An association between elevated levels of human chorionic gonadotropin in the midtrimester and adverse pregnancy outcome (Lieppman et al). 1993;168:1852-7

Do tocolytic agents stop preterm labor? A critical and comprehensive review of efficacy and safety (Higby et al). 1993;168:1247-59

Does "idiopathic" preterm labor resulting in preterm birth exist? (Lettieri et al). 1993;168:1481-5

Gap junction formation in human myometrium: A key to preterm labor? (Balducci et al). 1993;168:1609-15

Maternal placental vasculopathy and infection: two distinct

- subgroups among patients with preterm labor and preterm ruptured membranes (Arias et al). 1993;168:585-91
- Oncofetal fibronectin in patients with false labor as a predictor of preterm delivery (Morrison et al). 1993;168:538-42
- Oral magnesium and preterm labor (Blaine) (Letter); (Martin) (Reply). 1993;168:1004-5
- Perinatal effects of *Gardnerella vaginalis* deciduitis in the rabbit (Field et al). 1993;168:988-94
- Peripartum heart failure associated with prolonged tocolytic therapy (Lampert et al). 1993;168:493-5
- Preterm birth prevention: Where are we? (Creasy). 1993;168:1223-30
- Relationship of circadian rhythms of uterine activity with term and preterm delivery (Germain et al). 1993;168:1271-7
- Sexual intercourse during pregnancy and preterm delivery: effects of vaginal microorganisms (Read and Klebanoff). 1993;168:514-9
- Transforming growth factor- $\beta_2$  prevents preterm delivery induced by interleukin-1 $\alpha$  and tumor necrosis factor- $\alpha$  in the rabbit (Bry and Hallman). 1993;168:1318-22
- Labor presentation**
- Twin gestation: fetal presentation as a function of gestational age (Divon et al). 1993;168:1500-2
- Labor stage, first**
- Collagenase, its inhibitors, and decorin in the lower uterine segment in pregnant women (Rechberger and Woessner). 1993;168:1598-603
- Labor stage, second**
- Variable decelerations during the second stage of labor (Fruchter) (Letter); (Ball and Parer) (Reply). 1993;168:1892-3
- Labor stage, third**
- Dynamic ultrasonographic imaging of the third stage of labor: new perspectives into third-stage mechanisms (Herman et al). 1993;168:1496-9
- Lactation**
- Oxytocin modulates oxytocin neurons in the paraventricular nuclei of female rats throughout pregnancy and parturition (Kawarabayashi et al). 1993;168:969-74
- Laparoscopy; see Peritoneoscopy**
- Laparotomy**
- The effects of cold therapy on postoperative pain in gynecologic patients: a prospective, randomized study (Finan et al). 1993;168:542-4
- Is a high CA 125 antigen level in the absence of anatomic evidence for tumor an indication for laparotomy? (Gocze and Freeman) (Letter); (Fujii et al) (Reply). 1993;168:1896-7
- Laser surgery**
- Outpatient excisional management of cervical intraepithelial neoplasia (Oyesanya et al). 1993;168:485-8
- Lecithin; see Phosphatidylcholines**
- Leiomyoma**
- Contraceptive choices for women with medical problems: introduction (Grimes et al). 1993;168:1979
- Expression of different potassium channels in cells isolated from human myometrium and leiomyomas (Erulkar et al). 1993;168:1628-39
- Should uterine size be an indication for surgical intervention in women with myomas? (Friedman and Haas). 1993;168:751-5 (Clin. opinion)
- Leiomyosarcoma**
- Leiomyosarcomas: clinical presentation (Schwartz et al). 1993;168:180-3
- Letters**
- Letters to the Editors. 1993;168:275-81, 736-41, 1002-7, 1331-7, 1640-7, 1891-7

- M
- Macrophage colony-stimulating factor**
- Colony-stimulating factor-1 in primary ascites of ovarian cancer is a significant predictor of survival (Price et al). 1993;168:520-7

**Macrophages**

Increased chemotactic activity of peritoneal fluid in patients with endometriosis (Leiva et al). 1993;168:592-8

**Magnesium**

Oral magnesium and preterm labor (Blaine) (Letter); (Martin) (Reply). 1993;168:1004-5

Placental calcium transport during acute maternal hypermagnesemia in the rat (Mimouni et al). 1993;168:984-7

**Magnesium sulfate**

Alterations in vitamin D and calcium metabolism with magnesium sulfate treatment of preeclampsia (Cruikshank et al). 1993;168:1170-7

Central anticonvulsant effects of magnesium sulfate on *N*-methyl-D-aspartate-induced seizures (Cotton et al). 1993;168:974-8

Do tocolytic agents stop preterm labor? A critical and comprehensive review of efficacy and safety (Higby et al). 1993;168:1247-59

**Magnetic resonance spectroscopy; see Nuclear magnetic resonance****Malpractice**

Preparing for obstetrics in the twenty-first century: Quo vadis? (Keifer). 1993;168:1787-90 (Pres. address)

**Mammography**

Mammographic abnormalities and the detection of carcinoma of the breast (Hall et al). 1993;168:1677-82

**Manganese**

Dietary calcium and manganese effects on menstrual cycle symptoms (Penland and Johnson). 1993;168:1417-23

Premenstrual symptoms and beverage consumption (Ros-signal and Bonnländer). 1993;168:1640 (Letter)

**Mass screening**

Maternal serum screening for  $\alpha$ -fetoprotein, unconjugated estriol, and human chorionic gonadotropin between 11 and 15 weeks of pregnancy to detect fetal chromosome abnormalities (Crandall et al). 1993;168:1864-9

A protocol for routine voluntary antepartum human immunodeficiency virus antibody screening (Lindsay). 1993;168:476-9 (Clin. opinion)

**Maternal age**

Effect of age, parity, and smoking on pregnancy outcome: a population-based study (Cnattingius et al). 1993;168:16-21

Maternal age and placenta previa: a population-based case-control study (Zhang and Savitz). 1993;168:641-5

The need to reevaluate trisomy screening for advanced maternal age in prenatal diagnosis (Clark et al). 1993;168:812-6

Obstetric performance of patients after oocyte donation (Blanchette). 1993;168:1803-9

Predictors of human gestational length (Mittendorf et al). 1993;168:480-4

Pregnancy outcome in nulliparous women aged 35 or older (Edge and Laros). 1993;168:1881-5

**Maternal diabetes; see Pregnancy in diabetes****Maternal medication; see Drugs; Pregnancy, drug effects****Maternal mortality**

Questionable category of nonmaternal death (Chavkin and Allen). 1993;168:1640 (Letter)

**Maternal screening; see Mass screening****Matrilysin; see Metalloproteinases****Mayan Indians; see Indians, North American****McDonald cerclage; see Cervix incompetence****Meckel-Gruber syndrome**

Transabdominal thin-gauge embryofetoscopy: a technique

for early prenatal diagnosis and its use in the diagnosis of a case of Meckel-Gruber syndrome (Quintero et al). 1993;168:1552-7

**Meconium**

Meconium testing for cocaine metabolite: prevalence, perceptions, and pitfalls (Rosengren et al). 1993;168:1449-56

**Meconium aspiration**

Active management of prolonged pregnancy (Votta and Cibilis). 1993;168:557-63

**Melatonin**

Role of melatonin in nocturnal prolactin secretion in women with normoprolactinemia and mild hyperprolactinemia (Okatani and Sagara). 1993;168:854-61

**Menopause**

Estrogen and interrupted progestin: a new concept for menopausal hormone replacement therapy (Casper and Chapdelaine). 1993;168:1188-96

Hysterectomized women with ovarian conservation report more severe climacteric complaints than do normal climacteric women of similar age (Oldenhave et al). 1993;168:765-71

Impact of climacteric on well-being: a survey based on 5213 women 39 to 60 years old (Oldenhave et al). 1993;168:772-80

Long-term effects of hormone replacement therapy on the uterus and on uterine circulation (Pirhonen et al). 1993;168:620-3

Menopause without symptoms: the endocrinology of menopause among rural Mayan Indians (Martin et al). 1993;168:1839-45

Preventive effects of transdermal 17 $\beta$ -estradiol on osteoporotic changes after surgical menopause: a two-year placebo-controlled trial (Field et al). 1993;168:114-21

Quality of life of postmenopausal women on a regimen of transdermal estradiol therapy: a double-blind placebo-controlled study (Wiklund et al). 1993;168:824-30

Seeking early medical attention after vaginal bleeding will not assure mild disease in postmenopausal endometrial carcinoma (Shiple and Nelson). 1993;168:555-6

**Menstrual cycle**

Dietary calcium and manganese effects on menstrual cycle symptoms (Penland and Johnson). 1993;168:1417-23

Estrogen and progesterone receptor content in breast epithelial cells from healthy women during the menstrual cycle (Söderqvist et al). 1993;168:874-9

Expression and localization of matrilysin, a matrix metalloproteinase, in human endometrium during the reproductive cycle (Rodgers et al). 1993;168:253-60

**Mental disorders**

Contraceptive choices for behaviorally disordered women (Hankoff and Darney). 1993;168:1986-9

Contraceptive choices for women with medical problems: introduction (Grimes et al). 1993;168:1979

**Mesna**

Phase II trial of ifosfamide and mesna in patients with advanced or recurrent squamous carcinoma of the cervix who had never received chemotherapy: a Gynecologic Oncology Group study (Sutton et al). 1993;168:805-7

**Messenger ribonucleic acid; see RNA, messenger****Metabolism**

Effects of antipyrine on umbilical and regional metabolism in late gestation in the fetal lamb (Gull and Charlton). 1993;168:706-13

### **Metalloproteinases**

Expression and localization of matrilysin, a matrix metalloproteinase, in human endometrium during the reproductive cycle (Rodgers et al). 1993;168:253-60

### **Metastasis; see Neoplasm metastasis**

### **Methotrexate**

Single-dose methotrexate: an expanded clinical trial (Stovall and Ling). 1993;168:1759-65

### **Methyldopa**

Effects of methyldopa on uteroplacental and fetal hemodynamics in pregnancy-induced hypertension (Montan et al). 1993;168:152-6

### **Microbial invasion; see Infection**

### **$\beta_2$ -Microglobulin**

Fetal urine analysis for the assessment of renal function in obstructive uropathy (Lipitz et al). 1993;168:174-9

### **Microscopy**

Urinary red blood cell and cast excretion in normal and hypertensive human pregnancy (Gallery et al). 1993;168:67-70

### **Midtrimester; see Pregnancy trimester, second**

### **Midwifery**

Supportive nurse-midwife care is associated with a reduced incidence of cesarean section (Butler et al). 1993;168:1407-13

### **Migraine**

Contraceptive choices for women with medical problems: introduction (Grimes et al). 1993;168:1979  
Contraceptive methods for women with neurologic disorders (Matsun and Rebar). 1993;168:2027-32

### **Milk**

Premenstrual symptoms and beverage consumption (Ros-signal and Bonnländer). 1993;168:1640 (Letter)

### **Mitral valve prolapse**

Considerations for contraception in women with cardiovascular disorders (Sullivan and Lobo). 1993;168:2006-11

### **Monitoring, fetal; see Fetal monitoring**

### **Monoamine oxidase**

Effect of ethanol and progesterone on monoamine oxidase activity in cultured cells of human term placenta (Kono et al). 1993;168:136-40

### **Monoclonal antibodies; see Antibodies, monoclonal**

### **Monocytes**

Secretion of prostanoids by platelets and monocytes in normal and hypertensive pregnancies (Hawkins et al). 1993;168:661-7

### **Morbidity**

The paradox of electronic fetal monitoring: more data may not enable us to predict or prevent infant neurologic morbidity (Rosen and Dickinson). 1993;168:745-51 (Clin. opinion)

Postpartum perineal morbidity after fourth-degree perineal repair (Goldaber et al). 1993;168:489-9

### **Multifetal pregnancy; see Pregnancy, multiple**

### **Muscle, smooth**

Characterization of large-conductance, calcium-activated potassium channels from human myometrium (Pérez et al). 1993;168:652-60

Endothelin-1: immunocytochemistry, localization of binding sites, and contractile effects in human uteroplacental smooth muscle (Svane et al). 1993;168:233-41

### **Muscle, smooth, vascular**

Ontogeny of angiotensin II vascular smooth muscle receptors in ovine fetal aorta and placental and uterine arteries (Rosenfeld et al). 1993;168:1562-9

Possible physiologic role of calcitonin gene-related peptide in the human uterine artery (Nelson et al). 1993;168:605-11

### **Muscular dystrophy**

Early transabdominal chorionic villus sampling in couples at high genetic risk (Monni et al). 1993;168:170-3

### **Mutation; see DNA mutational analysis**

### **Myocardial diseases**

Peripartum heart failure associated with prolonged tocolytic therapy (Lampert et al). 1993;168:493-5

### **Myoma**

Leiomyosarcomas: clinical presentation (Schwartz et al). 1993;168:180-3

Should uterine size be an indication for surgical intervention in women with myomas? (Friedman and Haas). 1993;168:751-5 (Clin. opinion)

### **Myometrium**

Characterization of large-conductance, calcium-activated potassium channels from human myometrium (Pérez et al). 1993;168:652-60

Dexamethasone reverses the labor-associated myometrial desensitization to  $\beta$ -adrenergic agonists in the rat (Kocan et al). 1993;168:961-8

Expression of different potassium channels in cells isolated from human myometrium and leiomyomas (Erulkar et al). 1993;168:1628-39

Functional asymmetry of the human myometrium documented by color and pulsed-wave Doppler ultrasonographic evaluation of uterine arcuate arteries during Braxton Hicks contractions (Kofinas et al). 1993;168:184-8

Gap junction formation in human myometrium: A key to preterm labor? (Balducci et al). 1993;168:1609-15

Inhibition of contractions of the isolated human myometrium by potassium channel openers (Cheuk et al). 1993;168:953-60

## **N**

### **N-methylaspartate**

Central anticonvulsant effects of magnesium sulfate on N-methyl-D-aspartate-induced seizures (Cotton et al). 1993;168:974-8

### **Necrotizing fasciitis; see Fasciitis**

### **Neonatal mortality; see Infant mortality**

### **Neonate; see Infant, newborn**

### **Neoplasm metastasis**

Sex chromosome composition of complete hydatidiform moles: relationship to metastasis (Mutter et al). 1993;168:1547-51

### **Neoplasm recurrence, local**

Blood transfusion and the risk of recurrence in squamous carcinoma of the vulva (Look et al). 1993;168:1718-23

Serum squamous cell carcinoma antigen levels in invasive cervical cancer: prediction of response and recurrence (Rose et al). 1993;168:942-6

### **Neoplasms**

Is a high CA 125 antigen level in the absence of anatomic evidence for tumor an indication for laparotomy? (Gocze and Freeman) (Letter); (Fujii et al) (Reply). 1993;168:1896-7

### **Nerve block**

McDonald cerclage under pudendal nerve block (McCulloch et al). 1993;168:499-502

**Nervous system disorders**

Contraceptive methods for women with neurologic disorders (Mattson and Rebar). 1993;168:2027-32

**NeuAc $\alpha$ 2-6GalNAc; see Sialyl Tn****Neural tube defects**

$\alpha$ -Fetoprotein and folate deficiency (Mizejewski). 1993;168:279 (Letter)

**Neurons**

Oxytocin modulates oxytocin neurons in the paraventricular nuclei of female rats throughout pregnancy and parturition (Kawarabayashi et al). 1993;168:969-74

**Neutrophils**

Increased chemotactic activity of peritoneal fluid in patients with endometriosis (Leiva et al). 1993;168:592-8

**Nicotine**

Simultaneous fetal and maternal cotinine levels in pregnant women smokers (Donnenfeld et al). 1993;168:781-2

**Nitroglycerin**

Severe pregnancy-induced hypertension and blood pressure control during general anesthesia: Nitroglycerin or opioids, the logical choice? (Downing) (Letter); (Longmire) (Reply). 1993;168:1331-3

**Nocturnal period; see Sleep****Nonimmune hydrops fetalis; see Hydrops fetalis****Norepinephrine**

Effect of the vascular endothelium on norepinephrine-induced contractions in uterine radial arteries from the nonpregnant and pregnant human uterus (Steele et al). 1993;168:1623-8

**Norethindrone**

A randomized trial of three oral contraceptives: comparison of bleeding patterns by contraceptive types and steroid levels (Saleh et al). 1993;168:1740-7

**Normoprolactinemia; see Prolactin****Nuclear magnetic resonance**

Phosphorus 31 magnetic resonance spectroscopy of perfused human placental villi under varying oxygen concentrations (Kay et al). 1993;168:246-52

**Nucleator**

Total number of particles in a bounded region estimated directly with the nucleator: granulosa cell number in ovarian follicles (Bagger et al). 1993;168:724-31

**Nulliparous women; see Parity****Nurse-midwife; see Midwifery****Nutrition**

Dietary calcium and manganese effects on menstrual cycle symptoms (Penland and Johnson). 1993;168:1417-23

**O****Observer variation**

A comparison between visual and computer analysis of antepartum fetal heart rate tracings (Gagnon et al). 1993;168:842-7

Intraobserver and interobserver variability of the amniotic fluid index (Bruner et al). 1993;168:1309-13

**Obstetrics**

Preparing for obstetrics in the twenty-first century: Quo vadis? (Keifer). 1993;168:1787-90 (Pres. address)

**Obstructive uropathy; see Urethral obstruction****Oligohydramnios**

The influence of elective amniotomy on fetal heart rate patterns and the course of labor in term patients: a randomized study (Garite et al). 1993;168:1827-32

Oligohydramnios: antepartum fetal urine production and intrapartum fetal distress (Owen). 1993;168:1897 (Letter)

Questions on prophylactic amnioinfusion as a treatment for oligohydramnios (Chauhan and Morrison) (Letter); (Schrimmer) (Reply). 1993;168:1006-7

**Oncogene protein p21(ras)**

Expression of *ras* oncogene p21 protein in normal and neoplastic ovarian tissues: correlation with histopathologic features and receptors for estrogen, progesterone, and epidermal growth factor (Scambia et al). 1993;168:71-8

**Oocytes**

Obstetric performance of patients after oocyte donation (Blanchette). 1993;168:1803-9

**Opioids**

Severe pregnancy-induced hypertension and blood pressure control during general anesthesia: Nitroglycerin or opioids, the logical choice? (Downing) (Letter); (Longmire) (Reply). 1993;168:1331-3

**Oral contraceptives; see Contraceptives, oral****Oregon Basic Health Care Plan**

The women's health care component of the Oregon Basic Health Care Plan (Kirk). 1993;168:1870-4

**Osteoporosis**

Hysterectomized women with ovarian conservation report more severe climacteric complaints than do normal climacteric women of similar age (Oldenhave et al). 1993;168:765-71

Impact of climacteric on well-being: a survey based on 5213 women 39 to 60 years old (Oldenhave et al). 1993;168:772-80

Menopause without symptoms: the endocrinology of menopause among rural Mayan Indians (Martin et al). 1993;168:1839-45

Osteoporotic fractures and the recurrence of thromboembolism during pregnancy and the puerperium in 184 women undergoing thromboprophylaxis with heparin (Dahlman). 1993;168:1265-70

Preventive effects of transdermal 17 $\beta$ -estradiol on osteoporotic changes after surgical menopause: a two-year placebo-controlled trial (Field et al). 1993;168:114-21

**Outcome of pregnancy; see Pregnancy outcome****Outpatient care; see Ambulatory care****Ovarian failure, premature**

Obstetric performance of patients after oocyte donation (Blanchette). 1993;168:1803-9

**Ovarian neoplasms**

Colony-stimulating factor-1 in primary ascites of ovarian cancer is a significant predictor of survival (Price et al). 1993;168:520-7

The effect of antibodies and immunotoxins reactive with HER-2/*neu* on growth of ovarian and breast cancer cell lines (Rodriguez et al). 1993;168:228-32

Expression of *ras* oncogene p21 protein in normal and neoplastic ovarian tissues: correlation with histopathologic features and receptors for estrogen, progesterone, and epidermal growth factor (Scambia et al). 1993;168:71-8

Impact of contraception on gynecologic cancers (Herbst and Berek). 1993;168:1980-5

Is a high CA 125 antigen level in the absence of anatomic evidence for tumor an indication for laparotomy? (Gocze and Freeman) (Letter); (Fujii et al) (Reply). 1993;168:1896-7

Prognostic significance of HER-2/*neu* expression in advanced epithelial ovarian cancer: a multivariate analysis (Rubin et al). 1993;168:162-9

Surgical techniques for cytoreduction in advanced ovarian

- malignancy (Farghaly) (Letter); (Rose) (Reply). 1993;168:736
- Transitional cell carcinoma of the ovary: a matched control study of advanced-stage patients treated with cisplatin-based chemotherapy (Gershenson et al). 1993;168:1178-87
- Transvaginal ultrasonographic characterization of ovarian masses by means of color flow-directed Doppler measurements and a morphologic scoring system (Timor-Tritsch et al). 1993;168:909-13
- Ovary**
- Changes in gap junction connexin-43 messenger ribonucleic acid levels associated with rat ovarian follicular development as demonstrated by in situ hybridization (Schreiber et al). 1993;168:1094-104
- Expression of messenger ribonucleic acid for epidermal growth factor receptor and its ligands, epidermal growth factor and transforming growth factor- $\alpha$ , in human first- and second-trimester fetal ovary and uterus (Yeh et al). 1993;168:1569-73
- Preservation of ovarian tissue in adnexal torsion with fluorescein (McHutchison et al). 1993;168:1386-8
- Total number of particles in a bounded region estimated directly with the nucleator: granulosa cell number in ovarian follicles (Bagger et al). 1993;168:724-31
- Ovulation**
- The angiotensin II antagonist saralasin inhibits ovulation in the perfused rat ovary (Peterson et al). 1993;168:242-5
- Ovum implantation**
- Evidence of lasting functional destruction of the rat endometrium after 5-aminolevulinic acid-induced photodynamic ablation: prevention of implantation (Yang et al). 1993;168:995-1001
- Oxygen**
- Effect of rapid intravenous crystalloid infusion on uteroplacental blood flow and placental implantation-site oxygen delivery in the pregnant ewe (Crino et al). 1993;168:1603-9
- Gestational diabetes alters human placental vascular responses to changes in oxygen tension (Figueroa et al). 1993;168:1616-22
- Phosphorus 31 magnetic resonance spectroscopy of perfused human placental villi under varying oxygen concentrations (Kay et al). 1993;168:246-52
- Oxytocin**
- The influence of elective amniotomy on fetal heart rate patterns and the course of labor in term patients: a randomized study (Garite et al). 1993;168:1827-32
- Oxytocin modulates oxytocin neurons in the paraventricular nuclei of female rats throughout pregnancy and parturition (Kawarabayashi et al). 1993;168:969-74
- Umbilical vessel oxytocin administration for retained placenta: in vitro study of various infusion techniques (Pipinas et al). 1993;168:793-5
- P
- P-170 protein; see Proteins**
- Pacific Coast Obstetrical and Gynecological Society**
- Transactions of the fifty-ninth annual meeting of the Pacific Coast Obstetrical and Gynecological Society. 1993;168:1787-890
- Pain**
- Longitudinal follow-up of chronic pelvic pain and occurrence of new symptoms 5 to 7 years after laparoscopy (Soellner et al) (Letter); (Baker and Symonds) (Reply). 1993;168:1645
- Pain, postoperative**
- The effects of cold therapy on postoperative pain in gynecologic patients: a prospective, randomized study (Finan et al). 1993;168:542-4
- Pancreatic beta cells; see Islets of Langerhans**
- Para-aortic lymph nodes; see Lymph nodes**
- Paraventricular hypothalamic nucleus**
- Oxytocin modulates oxytocin neurons in the paraventricular nuclei of female rats throughout pregnancy and parturition (Kawarabayashi et al). 1993;168:969-74
- Parity**
- Abruptio placentae and very high parity (Seidman et al) (Letter); (Pritchard) (Reply). 1993;168:1641-2
- Effect of age, parity, and smoking on pregnancy outcome: a population-based study (Cnattingius et al). 1993;168:16-21
- Predictors of human gestational length (Mittendorf et al). 1993;168:480-4
- Pregnancy outcome in nulliparous women aged 35 or older (Edge and Laros). 1993;168:1881-5
- Parturition; see Labor**
- Parvovirus B19, human**
- Diagnosis of fetal infection in the patient with an ultrasonographically detected abnormality but a negative clinical history (Weiner et al). 1993;168:6-11 (Clin. opinion)
- Pelvic inflammatory disease; see Adnexitis**
- Pelvic lymph nodes; see Lymph nodes**
- Pelvis**
- Definition of pelvic abscess (Amstey) (Letter); (Sweet) (Reply). 1993;168:740-1
- Longitudinal follow-up of chronic pelvic pain and occurrence of new symptoms 5 to 7 years after laparoscopy (Soellner et al) (Letter); (Baker and Symonds) (Reply). 1993;168:1645
- Perineum**
- Postpartum perineal morbidity after fourth-degree perineal repair (Goldaber et al). 1993;168:489-9
- Peripartum period; see Puerperium**
- Peritoneal dialysis**
- Single- and multiple-dose pharmacokinetics of a low-dose oral contraceptive in women with chronic renal failure undergoing peritoneal dialysis (Price et al). 1993;168:1400-6
- Peritoneal fluid; see Ascitic fluid**
- Peritoneoscopy**
- The Clarke ligator (Clarke). 1993;168:1642 (Letter)
- Incisional hernias after major laparoscopic gynecologic procedures (Kadar et al). 1993;168:1493-5
- Laparoscopic radical hysterectomy (Querleu) (Letter); (Nezhat) (Reply). 1993;168:1643-4
- Laparoscopic radical hysterectomy with para-aortic and pelvic lymph node dissection? (Spiritos). 1993;168:1643 (Letter)
- Laparoscopic surgery: Experiment or expedient? (Kadar) (Letter); (Grimes) (Reply). 1993;168:1333-4
- Laparoscopically assisted vaginal hysterectomy in a university hospital: report of 82 cases and comparison with abdominal and vaginal hysterectomy (Boike et al). 1993;168:1690-701
- Longitudinal follow-up of chronic pelvic pain and occurrence of new symptoms 5 to 7 years after laparoscopy (Soellner et al) (Letter); (Baker and Symonds) (Reply). 1993;168:1645

**Pessaries**

Hyperstimulation and the controlled release prostaglandin pessary (Taylor and MacKenzie) (Letter); (Taylor and MacKenzie) (Reply). 1993;168:1003-4

**Pharmacokinetics**

The pharmacokinetics and safety of zidovudine in the third trimester of pregnancy for women infected with human immunodeficiency virus and their infants: Phase I Acquired Immunodeficiency Syndrome Clinical Trials Group study (protocol 082) (O'Sullivan et al). 1993;168:1510-6

Pharmacokinetics of ampicillin and sulbactam in pregnancy (Chamberlain et al). 1993;168:667-73

Pharmacokinetics of desogestrel (McClamrock and Adashi). 1993;168:1021-8

Single- and multiple-dose pharmacokinetics of a low-dose oral contraceptive in women with chronic renal failure undergoing peritoneal dialysis (Price et al). 1993;168:1400-6

**Phosphatidylcholines**

Immature lecithin/sphingomyelin ratios and neonatal respiratory course (Harper and Lorentz). 1993;168:495-8

**Phosphorus 31 magnetic resonance spectroscopy; see Nuclear magnetic resonance****Photochemotherapy**

Evidence of lasting functional destruction of the rat endometrium after 5-aminolevulinic acid-induced photodynamic ablation: prevention of implantation (Yang et al). 1993;168:995-1001

**Photodynamic therapy; see Photochemotherapy****Photofrin porfimer sodium**

Effect of administration route and estrogen manipulation on endometrial uptake of Photofrin porfimer sodium (Chapman et al). 1993;168:685-92

**Physical activity; see Exercise****Physicians, family**

Not to decide is to decide (Dunn). 1993;168:1053-62 (Pres. address)

**Pipelle device; see Biopsy, needle****Placenta**

Affinity labeling identifies histidine at the active site of human placental  $3\beta$ -hydroxysteroid dehydrogenase and steroid  $5\rightarrow 4$ -ene-isomerase (Strickler and Thomas). 1993;168:1216-22

Augmentation of polynuclear aromatic hydrocarbon metabolism of human placental tissues of first-trimester pregnancy by cigarette smoke exposure (Sanyal et al). 1993;168:1587-97

Dynamic ultrasonographic imaging of the third stage of labor: new perspectives into third-stage mechanisms (Herman et al). 1993;168:1496-9

The effect of antibodies and immunotoxins reactive with HER-2/*neu* on growth of ovarian and breast cancer cell lines (Rodriguez et al). 1993;168:228-32

Effect of ethanol and progesterone on monoamine oxidase activity in cultured cells of human term placenta (Kono et al). 1993;168:136-40

Effect of rapid intravenous crystalloid infusion on uteroplacental blood flow and placental implantation-site oxygen delivery in the pregnant ewe (Crino et al). 1993;168:1603-9

Embryoscopic demonstration of hemorrhagic lesions on the human embryo after placental trauma (Quintero et al). 1993;168:756-9

Gestational diabetes alters human placental vascular re-

sponses to changes in oxygen tension (Figueroa et al). 1993;168:1616-22

Low target birth weight or growth retardation? Umbilical Doppler flow velocity waveforms and histometric analysis of fetoplacental vascular tree (Hitschold et al). 1993;168:1260-4

Ontogeny of angiotensin II vascular smooth muscle receptors in ovine fetal aorta and placental and uterine arteries (Rosenfeld et al). 1993;168:1562-9

Placental and fetal Doppler velocimetry in pregnancies complicated by maternal diabetes mellitus (Salvesen et al). 1993;168:645-52

Placental calcium transport during acute maternal hypermagnesemia in the rat (Mimouni et al). 1993;168:984-7

Placental interleukin-6 production is enhanced in intrauterine infection but not in labor (Matsuzaki et al). 1993;168:94-7

Placental sulfatase deficiency and congenital ichthyosis with intrauterine fetal death: case report (Rizk and Johansen). 1993;168:570-1

Pregnancy-induced changes in the three-dimensional mechanical properties of pressurized rat uteroplacental (radial) arteries (Osol and Cipolla). 1993;168:268-74

Prenatal diagnosis of a placental cyst: comparison of postnatal biochemical analyses of cyst fluid, amniotic fluid, cord serum, and maternal serum (Shipley and Nelson). 1993;168:211-3

Responses of placental arteries from normotensive and preeclamptic women to endogenous vasoactive agents (Inayatulla et al). 1993;168:869-74

Umbilical and placental vessels: modifications of their mechanical properties in preeclampsia (Bertrand et al). 1993;168:1537-46

Umbilical vessel oxytocin administration for retained placenta: in vitro study of various infusion techniques (Pipinas et al). 1993;168:793-5

**Placenta praevia**

Emergency peripartum hysterectomy (Zelop et al). 1993;168:1443-8

The epidemiology of placenta previa in the United States, 1979 through 1987 (Iyasu et al). 1993;168:1424-9

Maternal age and placenta previa: a population-based case-control study (Zhang and Savitz). 1993;168:641-5

**Placental diseases**

Maternal placental vasculopathy and infection: two distinct subgroups among patients with preterm labor and preterm ruptured membranes (Arias et al). 1993;168:585-91

Placental sulfatase deficiency and congenital ichthyosis with intrauterine fetal death: case report (Rizk and Johansen). 1993;168:570-1

**Placental protein 14; see Pregnancy proteins****Placental villi; see Chorionic villi****Placenta**

Emergency peripartum hysterectomy (Zelop et al). 1993;168:1443-8

**Plasma**

Fetal plasma erythropoietin in pregnancies complicated by maternal diabetes mellitus (Salvesen et al). 1993;168:88-94

Plasma concentration of endothelin-1 in women with cocaine-associated pregnancy complications (Samuels et al). 1993;168:528-33

**Plasma, fetal; see Fetal blood**

### Plasminogen activators

Fibrinolytic components in fetal membranes and amniotic fluid (Watanabe et al). 1993;168:1283-9

### Platelet activating factor

Platelet-activating factor treatment of human spermatozoa enhances fertilization potential (Minhas). 1993;168:1314-7

Platelet-activating factor-acetylhydrolase activity in normotensive and hypertensive pregnancies (Maki et al). 1993;168:50-4

### Platelet count

Acute renal failure in pregnancies complicated by hemolysis, elevated liver enzymes, and low platelets (Sibai and Ramadan). 1993;168:1682-90

### Platelets; see Blood platelets

### Pneumatic compression

A randomized trial of low-dose heparin and intermittent pneumatic calf compression for the prevention of deep venous thrombosis after gynecologic oncology surgery (Clarke-Pearson et al). 1993;168:1146-54

### Polycyclic hydrocarbons

Augmentation of polynuclear aromatic hydrocarbon metabolism of human placental tissues of first-trimester pregnancy by cigarette smoke exposure (Sanyal et al). 1993;168:1587-97

### Polycystic ovary syndrome

Contraceptive choices for women with endocrine complications (Loriaux and Wild). 1993;168:2021-6

### Polymerase chain reaction

Detection of *Chlamydia trachomatis* by the polymerase chain reaction in the cervixes of women with acute salpingitis (Witkin et al). 1993;168:1438-42

Detection of *Chlamydia trachomatis* in semen by the polymerase chain reaction in male members of infertile couples (Witkin et al). 1993;168:1457-62

Rapid diagnosis and classification of hydatidiform moles with polymerase chain reaction (Fisher and Newlands). 1993;168:563-9

### Polymorphism

Cystic fibrosis mutations in white and black Americans: an approach to identification of unknown mutations with implications for cystic fibrosis screening (Phillips et al). 1993;168:1076-82

### Polynuclear aromatic hydrocarbon; see Polycyclic hydrocarbons

### Polyunsaturated fatty acids; see Fatty acids, unsaturated

### Postmenopause; see Menopause

### Postoperative care

The PROEF diet—a new postoperative regimen for oral early feeding (Weinstein et al). 1993;168:128-31

### Postoperative complications

Incisional hernias after major laparoscopic gynecologic procedures (Kadar et al). 1993;168:1493-5

### Postoperative pain; see Pain, postoperative

### Postpartum period; see Puerperium

### Potassium

Umbilical and placental vessels: modifications of their mechanical properties in preeclampsia (Bertrand et al). 1993;168:1537-46

### Potassium channels

Characterization of large-conductance, calcium-activated potassium channels from human myometrium (Pérez et al). 1993;168:652-60

Expression of different potassium channels in cells isolated

from human myometrium and leiomyomas (Erulkar et al). 1993;168:1628-39

Inhibition of contractions of the isolated human myometrium by potassium channel openers (Cheuk et al). 1993;168:953-60

### Pre-eclampsia

Abnormal endothelial cell function of resistance arteries from women with preeclampsia (McCarthy et al). 1993;168:1323-30

Acute renal failure in pregnancies complicated by hemolysis, elevated liver enzymes, and low platelets (Sibai and Ramadan). 1993;168:1682-90

Alterations in vitamin D and calcium metabolism with magnesium sulfate treatment of preeclampsia (Cruikshank et al). 1993;168:1170-7

Considerations for contraception in women with cardiovascular disorders (Sullivan and Lobo). 1993;168:2006-11

Effects of fish oil supplementation in the third trimester of pregnancy on prostacyclin and thromboxane production (Sørensen et al). 1993;168:915-22

Increased thromboxane formation in diabetic pregnancy as a possible contributor to preeclampsia (Van Assche et al). 1993;168:84-7

Low-dose aspirin in the prevention of preeclampsia and fetal growth retardation: rationale, mechanisms, and clinical trials (Dekker and Sibai). 1993;168:214-27 (Curr. dev.)

Low-dose aspirin therapy to prevent preeclampsia (Hauth et al). 1993;168:1083-93

Phase 4 or phase 5 in patients with severe preeclampsia? (Quinn) (Letter); (Johanning and Barron) (Reply). 1993;168:1893-5

Plasma concentration of endothelin-1 in women with cocaine-associated pregnancy complications (Samuels et al). 1993;168:528-33

Platelet-activating factor-acetylhydrolase activity in normotensive and hypertensive pregnancies (Maki et al). 1993;168:50-4

Responses of placental arteries from normotensive and preeclamptic women to endogenous vasoactive agents (Inayatulla et al). 1993;168:869-74

Umbilical and placental vessels: modifications of their mechanical properties in preeclampsia (Bertrand et al). 1993;168:1537-46

Urinary endothelin-1: not a useful marker for preeclampsia (Barton et al). 1993;168:599-601

Urinary red blood cell and cast excretion in normal and hypertensive human pregnancy (Gallery et al). 1993;168:67-70

### Predictive value of tests

Predictors of human gestational length (Mittendorf et al). 1993;168:480-4

### Pregnancy, drug effects

Augmentation of polynuclear aromatic hydrocarbon metabolism of human placental tissues of first-trimester pregnancy by cigarette smoke exposure (Sanyal et al). 1993;168:1587-97

Differential protein binding of ceftizoxime in cord versus maternal serum (Fortunato et al). 1993;168:914-5

The effect of acetaminophen on prostacyclin production in pregnant women (O'Brien et al). 1993;168:1164-9

Effect of advancing gestational age on the frequency of fetal ductal constriction in association with maternal indomethacin use (Moise). 1993;168:1350-3

**Pregnancy, drug effects—cont'd**

- Effects of maternal ingestion of low-dose aspirin on the fetal cardiovascular system (Veille et al). 1993;168:1430-7
- Increased incidence of neonatal vitamin K deficiency resulting from maternal anticonvulsant therapy (Cornelissen et al). 1993;168:923-8
- Maternal and fetal cardiorespiratory responses to adenosine in sheep (Mason et al). 1993;168:1558-61
- Meconium testing for cocaine metabolite: prevalence, perceptions, and pitfalls (Rosengren et al). 1993;168:1449-56
- The pharmacokinetics and safety of zidovudine in the third trimester of pregnancy for women infected with human immunodeficiency virus and their infants: Phase I Acquired Immunodeficiency Syndrome Clinical Trials Group study (protocol 082) (O'Sullivan et al). 1993;168:1510-6
- Supplementation of vitamin K in pregnant women receiving anticonvulsant therapy prevents neonatal vitamin K deficiency (Cornelissen et al). 1993;168:884-8

**Pregnancy, ectopic**

- Delayed care of pelvic inflammatory disease as a risk factor for impaired fertility (Hillis et al). 1993;168:1503-9
- Single-dose methotrexate: an expanded clinical trial (Stovall and Ling). 1993;168:1759-65
- Transvaginal ultrasonographic findings in surgically verified ectopic pregnancy (Burry et al). 1993;168:1796-802

**Pregnancy, immunology**

- Adaptive immune responses during murine pregnancy: pregnancy-induced regulation of lymphokine production by activated T lymphocytes (Dudley et al). 1993;168:1155-63
- Fetal plasma interferon gamma concentration in normal pregnancy (Abbas et al). 1993;168:1414-6

**Pregnancy, multiple**

- Clinical characteristics and outcome of twin gestation complicated by preterm premature rupture of the membranes (Mercer et al). 1993;168:1467-73
- Midtrimester selective delivery of an acardiac twin (Wenstrom) (Letter); (Ginsberg) (Reply). 1993;168:1647
- Multifetal pregnancy reduction by transvaginal puncture: evaluation of the technique used in 134 cases (Timor-Tritsch et al). 1993;168:799-804
- Pregnancy reduction in Jewish law (Rosner) (Letter); (Grazi and Wolowelsky) (Reply). 1993;168:278-9
- Twin gestation: fetal presentation as a function of gestational age (Divon et al). 1993;168:1500-2
- The use of color flow Doppler ultrasonography to diagnose umbilical cord entanglement in monoamniotic twin gestations (Belfort et al). 1993;168:601-4
- Vaginal delivery of the nonvertex second twin (Fishman et al). 1993;168:861-4
- Why do small twins have a lower mortality rate than small singletons? (Buekens and Wilcox). 1993;168:937-4
- Zavanelli maneuver for locked twins (Iffy and Apuzzio) (Letter); (Swartjes et al) (Reply). 1993;168:1003

**Pregnancy, physiology**

- Effect of pregnancy on the vasodepressor response to atrial natriuretic factor (Castro et al). 1993;168:979-84
- Effect of the vascular endothelium on norepinephrine-induced contractions in uterine radial arteries from the nonpregnant and pregnant human uterus (Steele et al). 1993;168:1623-8
- Interaction of myogenic and adrenergic mechanisms in isolated, pressurized uterine radial arteries from late-preg-

nant and nonpregnant rats (Osol and Cipolla). 1993;168:697-705

Intraobserver and interobserver variability of the amniotic fluid index (Bruner et al). 1993;168:1309-13

Oxytocin modulates oxytocin neurons in the paraventricular nuclei of female rats throughout pregnancy and parturition (Kawarabayashi et al). 1993;168:969-74

Pregnancy-induced changes in the three-dimensional mechanical properties of pressurized rat uteroplacental (radial) arteries (Osol and Cipolla). 1993;168:268-74

**Pregnancy, prolonged**

Active management of prolonged pregnancy (Votta and Cibilis). 1993;168:557-63

**Pregnancy, psychology**

Psychological sequelae of childhood sexual abuse: relevant in subsequent pregnancy (Van Der Leden and Raskin). 1993;168:1336-7 (Letter)

**Pregnancy, unwanted**

Unwanted pregnancies: understanding contraceptive use and benefits in adolescents and older women (Sulak and Haney). 1993;168:2042-8

**Pregnancy complications**

Clinical characteristics and outcome of twin gestation complicated by preterm premature rupture of the membranes (Mercer et al). 1993;168:1467-73

The epidemiology of placenta previa in the United States, 1979 through 1987 (Iyasu et al). 1993;168:1424-9

Maternal age and placenta previa: a population-based case-control study (Zhang and Savitz). 1993;168:641-5

Plasma concentration of endothelin-1 in women with cocaine-associated pregnancy complications (Samuels et al). 1993;168:528-33

Pregnancy outcome in nulliparous women aged 35 or older (Edge and Laros). 1993;168:1881-5

Single-dose methotrexate: an expanded clinical trial (Stovall and Ling). 1993;168:1759-65

**Pregnancy complications, cardiovascular**

Association between pregnancy-induced hypertension and asthma during pregnancy (Lehrer et al). 1993;168:1463-6

Effects of methyl dopa on uteroplacental and fetal hemodynamics in pregnancy-induced hypertension (Montan et al). 1993;168:152-6

Increased thromboxane formation in diabetic pregnancy as a possible contributor to preeclampsia (Van Assche et al). 1993;168:84-7

Platelet-activating factor—acetylhydrolase activity in normotensive and hypertensive pregnancies (Maki et al). 1993;168:50-4

Reduction of thromboxane A<sub>2</sub> synthesis in pregnancy by polyunsaturated fatty acid supplements (Schiff et al). 1993;168:122-4

Secretion of prostanoids by platelets and monocytes in normal and hypertensive pregnancies (Hawkins et al). 1993;168:661-7

Severe pregnancy-induced hypertension and blood pressure control during general anesthesia: Nitroglycerin or opioids, the logical choice? (Downing) (Letter); (Longmire) (Reply). 1993;168:1331-3

Urinary red blood cell and cast excretion in normal and hypertensive human pregnancy (Gallery et al). 1993;168:67-70

**Pregnancy complications, hematologic**

Acute renal failure in pregnancies complicated by hemo-

- lysis, elevated liver enzymes, and low platelets (Sibai and Ramadan). 1993;168:1682-90
- Deviation in amniotic fluid optical density at a wavelength of 450 nm in Rh-immunized pregnancies from 14 to 40 weeks' gestation: a proposal for clinical management (Queenan et al). 1993;168:1370-6
- Osteoporotic fractures and the recurrence of thromboembolism during pregnancy and the puerperium in 184 women undergoing thromboprophylaxis with heparin (Dahlman). 1993;168:1265-70
- Protein S deficiency in pregnancy: a case report (Tharakan et al). 1993;168:141-2
- Ruptured splenic artery aneurysm in pregnancy (Caillouette and Merchant). 1993;168:1810-3
- Pregnancy complications, infectious**
- Amnionrhexis lowers the incidence of positive cultures for group B streptococci (Henderson et al). 1993;168:624-5
- Diagnosis of fetal infection in the patient with an ultrasonographically detected abnormality but a negative clinical history (Weiner et al). 1993;168:6-11 (Clin. opinion)
- Endotoxin-induced fetal growth retardation in the pregnant guinea pig (Beckmann et al). 1993;168:714-8
- Maternal placental vasculopathy and infection: two distinct subgroups among patients with preterm labor and preterm ruptured membranes (Arias et al). 1993;168:585-91
- Perinatal effects of *Gardnerella vaginalis* deciduitis in the rabbit (Field et al). 1993;168:988-94
- Pharmacokinetics of ampicillin and sulbactam in pregnancy (Chamberlain et al). 1993;168:667-73
- Placental interleukin-6 production is enhanced in intrauterine infection but not in labor (Matsuzaki et al). 1993;168:94-7
- A protocol for routine voluntary antepartum human immunodeficiency virus antibody screening (Lindsay). 1993;168:476-9 (Clin. opinion)
- Rapid intrapartum detection of group B streptococcal colonization with an enzyme immunoassay (Armer et al). 1993;168:39-43
- Sexual intercourse during pregnancy and preterm delivery: effects of vaginal microorganisms (Read and Klebanoff). 1993;168:514-9
- Uterine contractions after antibiotic therapy for pyelonephritis in pregnancy (Graham et al). 1993;168:577-80
- Pregnancy in diabetes**
- Antepartum fetal surveillance in patients with diabetes: When to start? (Lagrew et al). 1993;168:1820-6
- Contraceptive choices for women with medical problems: introduction (Grimes et al). 1993;168:1979
- Does maternal diabetes delay fetal pulmonary maturity? (Piper and Langer). 1993;168:783-6
- Fetal pancreatic  $\beta$ -cell function in pregnancies complicated by maternal diabetes mellitus: relationship to fetal acidemia and macrosomia (Salvesen et al). 1993;168:1363-9
- Fetal plasma erythropoietin in pregnancies complicated by maternal diabetes mellitus (Salvesen et al). 1993;168:88-94
- Increased thromboxane formation in diabetic pregnancy as a possible contributor to preeclampsia (Van Assche et al). 1993;168:84-7
- Placental and fetal Doppler velocimetry in pregnancies complicated by maternal diabetes mellitus (Salvesen et al). 1993;168:645-52
- Pregnancy maintenance**
- Preterm birth prevention: Where are we? (Creasy). 1993;168:1223-30
- Pregnancy outcome**
- Absent end-diastolic flow velocity waveforms in the umbilical artery—the subsequent pregnancy (Farine et al). 1993;168:637-40
- An association between elevated levels of human chorionic gonadotropin in the midtrimester and adverse pregnancy outcome (Lieppman et al). 1993;168:1852-7
- Chorionic villus sampling: quality control—a continuous improvement model (Boehm et al). 1993;168:1766-77
- Clinical characteristics and outcome of twin gestation complicated by preterm premature rupture of the membranes (Mercer et al). 1993;168:1467-73
- Complications of fetal blood sampling (Ghidini et al). 1993;168:1339-44 (Clin. opinion)
- Does "idiopathic" preterm labor resulting in preterm birth exist? (Lettieri et al). 1993;168:1481-5
- Effect of age, parity, and smoking on pregnancy outcome: a population-based study (Cnattingius et al). 1993;168:16-21
- Histocompatibility antigens and pregnancy outcome (Hoff and Shah). 1993;168:1331 (Letter)
- Obstetric performance of patients after oocyte donation (Blanchette). 1993;168:1803-9
- Pregnancy in liver transplant recipients: course and outcome in 19 cases (Ville et al). 1993;168:896-902
- Pregnancy outcome in nulliparous women aged 35 or older (Edge and Laros). 1993;168:1881-5
- Premature rupture of membranes at <25 weeks: a management dilemma (Morales and Talley). 1993;168:503-7
- Successful pregnancies and vaginal deliveries after sacrospinous uterosacral fixation in five of nineteen patients (Kovac and Cruikshank). 1993;168:1778-86
- The use of surrogate gestational carriers for assisted reproductive technologies (Marrs et al). 1993;168:1858-63
- Pregnancy proteins**
- Comparative analysis of progesterone and placental protein 14 measurements in the evaluation of luteal function (Battista et al). 1993;168:1522-7
- Pregnancy reduction; see Abortion**
- Pregnancy trimester, first**
- Augmentation of polynuclear aromatic hydrocarbon metabolism of human placental tissues of first-trimester pregnancy by cigarette smoke exposure (Sanyal et al). 1993;168:1587-97
- Effect of early pregnancy on maternal regional cerebral blood flow (Ikeda et al). 1993;168:1303-8
- Expression of messenger ribonucleic acid for epidermal growth factor receptor and its ligands, epidermal growth factor and transforming growth factor- $\alpha$ , in human first- and second-trimester fetal ovary and uterus (Yeh et al). 1993;168:1569-73
- First-trimester simple hydrops: cause and outcome (Johnson et al). 1993;168:156-61
- First-trimester ultrasonography findings in women with a history of recurrent pregnancy loss (van Leeuwen et al). 1993;168:111-4
- Selecting human chorionic gonadotropin immunoassays: consideration of cross-reacting molecules in first-trimester pregnancy serum and urine (Cole et al). 1993;168:1580-6
- Pregnancy trimester, second**
- An association between elevated levels of human chorionic gonadotropin in the midtrimester and adverse pregnancy outcome (Lieppman et al). 1993;168:1852-7
- Expression of messenger ribonucleic acid for epidermal

**Pregnancy trimester, second—cont'd**

growth factor receptor and its ligands, epidermal growth factor and transforming growth factor- $\alpha$ , in human first- and second-trimester fetal ovary and uterus (Yeh et al). 1993;168:1569-73

A five-year experience with second-trimester induced abortions: no increase in complication rate as compared to the first trimester (Jacot et al). 1993;168:633-7

Midtrimester selective delivery of an acardiac twin (Wenstrom) (Letter); (Ginsberg) (Reply). 1993;168:1647

**Pregnancy trimester, third**

Coitus late in pregnancy: risk of preterm rupture of amniotic sac membranes (Ekwo et al). 1993;168:22-31

Effects of antipyrine on umbilical and regional metabolism in late gestation in the fetal lamb (Gull and Charlton). 1993;168:706-13

Effects of fish oil supplementation in the third trimester of pregnancy on prostacyclin and thromboxane production (Sørensen et al). 1993;168:915-22

Effects of repeated administration of cocaine to the fetal sheep in the last days of pregnancy (Derks et al). 1993;168:719-23

A five-year experience with second-trimester induced abortions: no increase in complication rate as compared to the first trimester (Jacot et al). 1993;168:633-7

Maternal caffeine consumption and fetal behavior in normal third-trimester pregnancy (Devoe et al). 1993;168:1105-12

The pharmacokinetics and safety of zidovudine in the third trimester of pregnancy for women infected with human immunodeficiency virus and their infants: Phase I Acquired Immunodeficiency Syndrome Clinical Trials Group study (protocol 082) (O'Sullivan et al). 1993;168:1510-6

**Premature infant; see Infant, premature****Premenstrual syndrome**

Dietary calcium and manganese effects on menstrual cycle symptoms (Penland and Johnson). 1993;168:1417-23

Premenstrual symptoms and beverage consumption (Rossignol and Bonnländer). 1993;168:1640 (Letter)

**Prenatal care**

Meconium testing for cocaine metabolite: prevalence, perceptions, and pitfalls (Rosengren et al). 1993;168:1449-56

**Prenatal diagnosis; see also Ultrasonography, prenatal**

Antepartum fetal surveillance in patients with diabetes: When to start? (Lagrew et al). 1993;168:1820-6

Chorionic villus sampling: quality control—a continuous improvement model (Boehm et al). 1993;168:1766-77

Complications of fetal blood sampling (Ghidini et al). 1993;168:1339-44 (Clin. opinion)

Diagnosis of fetal infection in the patient with an ultrasonographically detected abnormality but a negative clinical history (Weiner et al). 1993;168:6-11 (Clin. opinion)

Early transabdominal chorionic villus sampling in couples at high genetic risk (Monni et al). 1993;168:170-3

Fetal growth retardation: associated malformations and chromosomal abnormalities (Snijders et al). 1993;168:547-55

Free  $\alpha$ -subunit of human chorionic gonadotropin in Down syndrome (Spencer). 1993;168:132-5

Maternal serum screening for  $\alpha$ -fetoprotein, unconjugated estriol, and human chorionic gonadotropin between 11 and 15 weeks of pregnancy to detect fetal chromosome abnormalities (Crandall et al). 1993;168:1864-9

Meconium testing for cocaine metabolite: prevalence, perceptions, and pitfalls (Rosengren et al). 1993;168:1449-56

The need to reevaluate trisomy screening for advanced maternal age in prenatal diagnosis (Clark et al). 1993;168:812-6

Prenatal diagnosis of a placental cyst: comparison of postnatal biochemical analyses of cyst fluid, amniotic fluid, cord serum, and maternal serum (Shipley and Nelson). 1993;168:211-3

Prenatal ultrasonographic diagnosis of intracranial teratoma and massive craniomegaly with associated high-output cardiac failure (Sherer et al). 1993;168:97-9

Reporting the results of cystic fibrosis carrier screening (Asch et al). 1993;168:1-6 (Clin. opinion)

Role of the TDx FLM assay in fetal lung maturity (Herbert et al). 1993;168:808-12

Transabdominal thin-gauge embryofetoscopic: a technique for early prenatal diagnosis and its use in the diagnosis of a case of Meckel-Gruber syndrome (Quintero et al). 1993;168:1552-7

The use of saline solution as a contrast medium in suspected diaphragmatic hernia and renal agenesis (Haeusler et al). 1993;168:1486-92

**Preterm labor; see Labor, premature****Preterm rupture of membranes; see Fetal membranes, premature rupture****Private practice**

Experience with external cephalic version and selective vaginal breech delivery in private practice (Cook). 1993;168:1886-90

**PROEF diet; see Diet****Progestational hormones**

Combined oral contraception with desogestrel/ethinyl estradiol: tolerability profile (Kaunitz). 1993;168:1028-33

Contraceptive choices in women with coagulation disorders (Comp and Zacur). 1993;168:1990-3

Contraceptive efficacy of a monophasic oral contraceptive containing desogestrel (Corson). 1993;168:1017-20

Desogestrel: a progestin for the 1990s (Burkman). 1993;168:1009

Effects of desogestrel on carbohydrate metabolism (Shoupe). 1993;168:1041-7

The effects of hemostasis of oral contraceptives containing desogestrel (Stubblefield). 1993;168:1047-52

Estrogen and interrupted progestin: a new concept for menopausal hormone replacement therapy (Casper and Chapdelaine). 1993;168:1188-96

Hormone replacement therapy and risk of breast cancer: results from epidemiologic studies (Colditz et al). 1993;168:1473-80

Lipid metabolism effects with desogestrel-containing oral contraceptives (Burkman). 1993;168:1033-40

Pharmacokinetics of desogestrel (McClamrock and Adashi). 1993;168:1021-8

Selectivity information on desogestrel (Collins). 1993;168:1010-6

**Progesterone**

Changes in  $17\beta,20\alpha$ -hydroxysteroid dehydrogenase activity supporting an increase in the estrogen/progesterone ratio of human fetal membranes at parturition (Mitchell and Wong). 1993;168:1377-85

Comparative analysis of progesterone and placental protein 14 measurements in the evaluation of luteal function (Bastista et al). 1993;168:1522-7

Effect of ethanol and progesterone on monoamine oxidase activity in cultured cells of human term placenta (Kono et al). 1993;168:136-40

**Progesterone receptor**; *see* **Receptors, progesterone**

**Progestin**; *see* **Pregnastational hormones**

**Prolactin**

Role of melatonin in nocturnal prolactin secretion in women with normoprolactinemia and mild hyperprolactinemia (Okatani and Sagara). 1993;168:854-61

**Prolactinoma**

Contraceptive choices for women with endocrine complications (Loriaux and Wild). 1993;168:2021-6

**Prolonged pregnancy**; *see* **Pregnancy, prolonged**

**Prostacyclin**; *see* **Epoprostenol**

**Prostaglandin E<sub>2</sub>**; *see* **Dinoprostone**

**Prostaglandins**

The relationship between spontaneous rupture of membranes, labor, and microbial invasion of the amniotic cavity and amniotic fluid concentrations of prostaglandins and thromboxane B<sub>2</sub> in term pregnancy (Romero et al). 1993;168:1654-68

Secretion of prostanoids by platelets and monocytes in normal and hypertensive pregnancies (Hawkins et al). 1993;168:661-7

**Protein binding**

Differential protein binding of ceftizoxime in cord versus maternal serum (Fortunato et al). 1993;168:914-5

Pharmacokinetics of desogestrel (McClamrock and Adashi). 1993;168:1021-8

**Protein S**

Protein S deficiency in pregnancy: a case report (Tharakan et al). 1993;168:141-2

**Proteins**

Detection of multi-drug-resistance marker P-170 protein in cervical carcinomas by using immunohistochemical technique (Farghaly) (Letter); (Schneider) (Reply). 1993;168:276-7

**Proto-oncogenes**

The effect of antibodies and immunotoxins reactive with HER-2/*neu* on growth of ovarian and breast cancer cell lines (Rodriguez et al). 1993;168:228-32

Prognostic significance of HER-2/*neu* expression in advanced epithelial ovarian cancer: a multivariate analysis (Rubin et al). 1993;168:162-9

**Psychology**

Psychological sequelae of childhood sexual abuse: relevant in subsequent pregnancy (Van Der Leden and Raskin). 1993;168:1336-7 (Letter)

**Published articles**

Summary of analysis of published articles. 1993;168:743-4 (Editorial)

**Pudendal nerve block**; *see* **Nerve block**

**Puerperium**

Emergency peripartum hysterectomy and associated risk factors (Stanco et al). 1993;168:879-83

A longitudinal Doppler ultrasonographic assessment of the alterations in peripheral vascular resistance of uterine arteries and ultrasonographic findings of the involuting uterus during the puerperium (Tekay and Jouppila). 1993;168:190-8

Osteoporotic fractures and the recurrence of thromboembolism during pregnancy and the puerperium in 184 women undergoing thromboprophylaxis with heparin (Dahlman). 1993;168:1265-70

Postpartum depression and companionship in the clinical

birth environment: a randomized, controlled study (Wolman et al). 1993;168:1388-93

Postpartum perineal morbidity after fourth-degree perineal repair (Goldaber et al). 1993;168:489-9

**Pulmonary maturity of fetus**; *see* **Fetal organ maturity**

**Puncture**

Multifetal pregnancy reduction by transvaginal puncture: evaluation of the technique used in 134 cases (Timor-Tritsch et al). 1993;168:799-804

**Pyelonephritis**

Uterine contractions after antibiotic therapy for pyelonephritis in pregnancy (Graham et al). 1993;168:577-80

## Q

**Quality control**

Chorionic villus sampling: quality control—a continuous improvement model (Boehm et al). 1993;168:1766-77

**Quality of life**

Quality of life of postmenopausal women on a regimen of transdermal estradiol therapy: a double-blind placebo-controlled study (Wiklund et al). 1993;168:824-30

## R

**Racial factors**

Hyaline membrane disease: the role of ethnicity and maternal risk characteristics (Hulsey et al). 1993;168:572-6

Predictors of human gestational length (Mittendorf et al). 1993;168:480-4

**Radical hysterectomy**; *see* **Hysterectomy**

**Rape**

Colposcopy and rape (Patel et al) (Letter); (Slaughter and Brown) (Reply). 1993;168:1334-5

**Ras oncogene p21 protein**; *see* **Oncogene protein p21(ras)**

**Receptors, androgen**

Selectivity information on desogestrel (Collins). 1993;168:1010-6

**Receptors, epidermal growth factor-urogastrone**

Expression of messenger ribonucleic acid for epidermal growth factor receptor and its ligands, epidermal growth factor and transforming growth factor- $\alpha$ , in human first- and second-trimester fetal ovary and uterus (Yeh et al). 1993;168:1569-73

Expression of *ras* oncogene p21 protein in normal and neoplastic ovarian tissues: correlation with histopathologic features and receptors for estrogen, progesterone, and epidermal growth factor (Scambia et al). 1993;168:71-8

**Receptors, estrogen**

Estrogen and progesterone receptor content in breast epithelial cells from healthy women during the menstrual cycle (Söderqvist et al). 1993;168:874-9

Expression of *ras* oncogene p21 protein in normal and neoplastic ovarian tissues: correlation with histopathologic features and receptors for estrogen, progesterone, and epidermal growth factor (Scambia et al). 1993;168:71-8

**Receptors, progesterone**

Estrogen and progesterone receptor content in breast epithelial cells from healthy women during the menstrual cycle (Söderqvist et al). 1993;168:874-9

Expression of *ras* oncogene p21 protein in normal and neoplastic ovarian tissues: correlation with histopathologic features and receptors for estrogen, progesterone, and epidermal growth factor (Scambia et al). 1993;168:71-8

**Recreational exercise**; *see* **Exercise**

**Recurrence of neoplasms**; *see* **Neoplasm recurrence, local**

**Recurrent pregnancy loss**; *see* **Abortion, habitual**

**Red blood cells; see Erythrocytes****Regression analysis**

Identification of patients with persistent trophoblastic disease by means of a normal human chorionic gonadotropin regression curve (Yedema et al). 1993;168:787-92

**Renal agenesis; see Kidney diseases****Renal function; see Kidney, physiology****Reproduction**

Reproductive health: a global perspective (Sciarra). 1993;168:1649-54 (Pres. address)

**Reproductive cycle; see Menstrual cycle****Research design**

Transvaginal ultrasonographic characterization of ovarian masses by means of color flow-directed Doppler measurements and a morphologic scoring system (Timor-Tritsch et al). 1993;168:909-13

**Resistance arteries; see Arteries****Respiration**

Maternal and fetal cardiorespiratory responses to adenosine in sheep (Mason et al). 1993;168:1558-61

**Respiratory distress syndrome**

Beneficial effects of the combined use of prenatal corticosteroids and postnatal surfactant on preterm infants (Jobe et al). 1993;168:508-13

Hyaline membrane disease: the role of ethnicity and maternal risk characteristics (Hulsey et al). 1993;168:572-6

Immature lecithin/sphingomyelin ratios and neonatal respiratory course (Harper and Lorentz). 1993;168:495-8

Plea for continuation of antenatal steroids at 24 to 28 weeks' gestation (Davis). 1993;168:280-1 (Letter)

Role of the TDx FLM assay in fetal lung maturity (Herbert et al). 1993;168:808-12

**Retained placenta; see Placenta****Rh isoimmunization**

Chorionic villus sampling for Rh typing: clinical implications (Moise and Carpenter) (Letter); (Blakemore and Kickler) (Reply). 1993;168:1002-3

Deviation in amniotic fluid optical density at a wavelength of 450 nm in Rh-immunized pregnancies from 14 to 40 weeks' gestation: a proposal for clinical management (Queenan et al). 1993;168:1370-6

**Right to privacy**

Secrecy: an unresolved issue in the practice of donor insemination (Nachtigall). 1993;168:1846-51

**Right ventricular function; see Ventricular function, right****Risk factors**

Delayed care of pelvic inflammatory disease as a risk factor for impaired fertility (Hillis et al). 1993;168:1503-9

Deoxyribonucleic acid analysis facilitates the pretreatment identification of high-risk endometrial cancer patients (Podratz et al). 1993;168:1206-15

The development of abnormal heart rate patterns after absent end-diastolic velocity in umbilical artery: analysis of risk factors (Arduini et al). 1993;168:43-50

Emergency peripartum hysterectomy and associated risk factors (Stanco et al). 1993;168:879-83

Hyaline membrane disease: the role of ethnicity and maternal risk characteristics (Hulsey et al). 1993;168:572-6

Maternal risk factors and their influence on fetal anthropometric measurements (Goldenberg et al). 1993;168:1197-205

Oral contraceptive use and incidence of cervical intraepithelial neoplasia (Turnquest) (Letter); (Gram et al) (Reply). 1993;168:1895-6

Risk factors associated with uterine rupture during trial of

labor after cesarean delivery: a case-control study (Leung et al). 1993;168:1358-63

Shoulder dystocia: an analysis of risks and obstetric maneuvers (Nocon et al). 1993;168:1732-9

**Ritodrine**

Enhanced proliferation of fetal rat hepatocytes in primary culture induced by ritodrine (Ando et al). 1993;168:693-7

Ritodrine: a  $\beta$ -adrenergic receptor antagonist in human amnion (Collins et al). 1993;168:143-51

**RNA, messenger**

Changes in gap junction connexin-43 messenger ribonucleic acid levels associated with rat ovarian follicular development as demonstrated by in situ hybridization (Schreiber et al). 1993;168:1094-104

Expression of messenger ribonucleic acid for epidermal growth factor receptor and its ligands, epidermal growth factor and transforming growth factor- $\alpha$ , in human first- and second-trimester fetal ovary and uterus (Yeh et al). 1993;168:1569-73

**Roster**

Roster of American obstetric and gynecologic societies. 1993;168:282-3

**Rural population**

The experience with vaginal birth after cesarean delivery in a small rural community practice (Raynor). 1993;168:60-2

## S

**Sacroccygeal region**

Bilateral attachment of the vaginal cuff to iliococcygeus fascia: an effective method of cuff suspension (Shull et al). 1993;168:1669-77

**Sacrospinous uterosacral fixation; see Uterine prolapse****Sacrum**

Fetal sacral length in the ultrasonographic assessment of gestational age (Sherer et al). 1993;168:626-33

**Saline solution, hypotonic**

The use of saline solution as a contrast medium in suspected diaphragmatic hernia and renal agenesis (Haeusler et al). 1993;168:1486-92

**Salpingitis**

Detection of *Chlamydia trachomatis* by the polymerase chain reaction in the cervix of women with acute salpingitis (Witkin et al). 1993;168:1438-42

**Saralasin**

The angiotensin II antagonist saralasin inhibits ovulation in the perfused rat ovary (Peterson et al). 1993;168:242-5

**Schauta-Amreich vaginal hysterectomy; see Hysterectomy, vaginal****Scoring system; see Research design****Second stage of labor; see Labor stage, second****Second trimester; see Pregnancy trimester, second****Secrecy; see Right to privacy****Seizures**

Central anticonvulsant effects of magnesium sulfate on N-methyl-D-aspartate-induced seizures (Cotton et al). 1993;168:974-8

**Semen**

Detection of *Chlamydia trachomatis* in semen by the polymerase chain reaction in male members of infertile couples (Witkin et al). 1993;168:1457-62

**Serotonin**

Umbilical and placental vessels: modifications of their me-

- chanical properties in preeclampsia (Bertrand et al). 1993;168:1537-46
- Sex chromosomes**  
Sex chromosome composition of complete hydatidiform moles: relationship to metastasis (Mutter et al). 1993;168:1547-51
- Sex hormones**  
Contraception and dyslipidemia (Knopp et al). 1993;168:1994-2005
- Sexual intercourse; see Coitus**
- Sexually transmitted diseases**  
Contraception and sexually transmitted diseases: interactions and opportunities (McGregor and Hammill). 1993;168:2033-41  
Contraceptive choices for behaviorally disordered women (Hankoff and Darney). 1993;168:1986-9  
Reproductive health: a global perspective (Sciarra). 1993;168:1649-54 (Pres. address)
- Shoulder dystocia; see Dystocia**
- Sialyl Tn**  
A simple, noninvasive, sensitive method for diagnosis of amniotic fluid embolism by monoclonal antibody TKH-2 that recognizes NeuAc $\alpha$ 2-6GalNAc (Kobayashi et al). 1993;168:848-53
- Single-photon emission-computed tomography; see Tomography, emission-computed, single-photon**
- Sinusoidal fetal heart rate; see Heart rate, fetal**
- Skin transplantation**  
Reconstructive procedures for the gynecologic surgeon (Cruikshank). 1993;168:469-75 (Clin. opinion)
- Sleep**  
Large fetal heart rate decelerations at term associated with changes in fetal heart rate variation (Dawes et al). 1993;168:105-11  
Role of melatonin in nocturnal prolactin secretion in women with normoprolactinemia and mild hyperprolactinemia (Okatani and Sagara). 1993;168:854-61
- Small for gestational age infant; see Infant, small for gestational age**
- Smoking**  
Augmentation of polynuclear aromatic hydrocarbon metabolism of human placental tissues of first-trimester pregnancy by cigarette smoke exposure (Sanyal et al). 1993;168:1587-97  
Effect of age, parity, and smoking on pregnancy outcome: a population-based study (Cnattingius et al). 1993;168:16-21  
Simultaneous fetal and maternal cotinine levels in pregnant women smokers (Donnenfeld et al). 1993;168:781-2
- Smooth muscle; see Muscle, smooth**
- Society of Perinatal Obstetricians**  
Thirteenth annual meeting of the Society of Perinatal Obstetricians. 1993;168:285-468
- Socioeconomic factors**  
Abruptio placentae and very high parity (Seidman et al) (Letter); (Pritchard) (Reply). 1993;168:1641-2
- Specialties, medical**  
Not to decide is to decide (Dunn). 1993;168:1053-62 (Pres. address)  
Specialization in obstetrics and gynecology—changing standards (Merrill). 1993;168:1063-70
- Spermatozoa**  
Platelet-activating factor treatment of human spermatozoa enhances fertilization potential (Minhas). 1993;168:1314-7
- Sphingomyelins**  
Immature lecithin/sphingomyelin ratios and neonatal respiratory course (Harper and Lorentz). 1993;168:495-8
- Splenic artery**  
Ruptured splenic artery aneurysm in pregnancy (Caillouette and Merchant). 1993;168:1810-3
- Spontaneous abortion; see Abortion**
- Spontaneous rupture of membranes; see Fetal membranes**
- Sports**  
The effect of sustained exercise on follicular phase levels of 17 $\beta$ -estradiol in recreational athletes (Clapp et al). 1993;168:581-4
- Spouse abuse**  
Psychological sequelae of childhood sexual abuse: relevant in subsequent pregnancy (Van Der Leden and Raskin). 1993;168:1336-7 (Letter)
- Squamous cell carcinoma; see Carcinoma, squamous cell**
- Steroid isomerases**  
Affinity labeling identifies histidine at the active site of human placental 3 $\beta$ -hydroxysteroid dehydrogenase and steroid 5 $\rightarrow$ 4-ene-isomerase (Strickler and Thomas). 1993;168:1216-22
- Steroids**  
Contraception and sexually transmitted diseases: interactions and opportunities (McGregor and Hammill). 1993;168:2033-41  
Plea for continuation of antenatal steroids at 24 to 28 weeks' gestation (Davis). 1993;168:280-1 (Letter)  
A randomized trial of three oral contraceptives: comparison of bleeding patterns by contraceptive types and steroid levels (Saleh et al). 1993;168:1740-7
- Stillbirth; see Fetal death**
- Streptococcus agalactiae**  
Amniorrhexis lowers the incidence of positive cultures for group B streptococci (Henderson et al). 1993;168:624-5  
Rapid intrapartum detection of group B streptococcal colonization with an enzyme immunoassay (Armer et al). 1993;168:39-43
- Stress urinary incontinence; see Urinary incontinence, stress**
- Substance abuse**  
Contraceptive choices for behaviorally disordered women (Hankoff and Darney). 1993;168:1986-9  
Meconium testing for cocaine metabolite: prevalence, perceptions, and pitfalls (Rosengren et al). 1993;168:1449-56  
Plasma concentration of endothelin-1 in women with cocaine-associated pregnancy complications (Samuels et al). 1993;168:528-33  
Questionable category of nonmaternal death (Chavkin and Allen). 1993;168:1640 (Letter)
- Successful pregnancies; see Pregnancy outcome**
- Suicide**  
Questionable category of nonmaternal death (Chavkin and Allen). 1993;168:1640 (Letter)
- Sulbactam**  
Pharmacokinetics of ampicillin and sulbactam in pregnancy (Chamberlain et al). 1993;168:667-73
- Sulfatases**  
Placental sulfatase deficiency and congenital ichthyosis with intrauterine fetal death: case report (Rizk and Johansen). 1993;168:570-1
- Summary of articles**  
Summary of analysis of published articles. 1993;168:743-4 (Editorial)

**Surface active agents**

Beneficial effects of the combined use of prenatal corticosteroids and postnatal surfactant on preterm infants (Jobe et al). 1993;168:508-13

**Surgery, operative**

Bilateral attachment of the vaginal cuff to iliococcygeus fascia: an effective method of cuff suspension (Shull et al). 1993;168:1669-77

Conservative management of adnexal torsion (Zweizig et al). 1993;168:1791-5

Frequency of glove perforations and subsequent blood contact in association with selected obstetric surgical procedures (Chapman and Duff). 1993;168:1354-7

Preservation of ovarian tissue in adnexal torsion with fluorescein (McHutchison et al). 1993;168:1386-8

Reconstructive procedures for the gynecologic surgeon (Cruikshank). 1993;168:469-75 (Clin. opinion)

Should physicians infected with human immunodeficiency virus be allowed to perform surgery? (Strong). 1993;168:1344-9 (Clin. opinion)

Should uterine size be an indication for surgical intervention in women with myomas? (Friedman and Haas). 1993;168:751-5 (Clin. opinion)

Surgical techniques for cytorreduction in advanced ovarian malignancy (Farghaly) (Letter); (Rose) (Reply). 1993;168:736

**Surgical flaps**

Reconstructive procedures for the gynecologic surgeon (Cruikshank). 1993;168:469-75 (Clin. opinion)

**Surgical instruments**

Vaginal foreign body extraction by obstetric soft vacuum cup: an alternative to forceps (Pelosi et al) (Letter); (Emge) (Reply). 1993;168:1891-2

**Surgical menopause; see Menopause****Surrogate mothers**

Preparing for obstetrics in the twenty-first century: Quo vadis? (Keifer). 1993;168:1787-90 (Pres. address)

The use of surrogate gestational carriers for assisted reproductive technologies (Marrs et al). 1993;168:1858-63

**Survival of infants; see Infant mortality****Sustance abuse**

Effects of repeated administration of cocaine to the fetal sheep in the last days of pregnancy (Derks et al). 1993;168:719-23

**Suture techniques**

Trial of labor after a one- or two-layer closure of a low transverse uterine incision (Tucker et al). 1993;168:545-6

**Sympathomimetics**

Effect of intravenous  $\beta$ -sympathomimetic tocolysis on human fetal serum erythropoietin levels (Rouse et al). 1993;168:1278-82

**T****T-cells; see T-lymphocytes****T-lymphocytes**

Adaptive immune responses during murine pregnancy: pregnancy-induced regulation of lymphokine production by activated T lymphocytes (Dudley et al). 1993;168:1155-63

$\gamma\delta$ T cells in human decidua (Ditzian-Kadanoff et al). 1993;168:831-6

**TDx FLM assay; see Fluorescence polarization****Technology**

Preparing for obstetrics in the twenty-first century: Quo vadis? (Keifer). 1993;168:1787-90 (Pres. address)

**Teratogens**

Contraceptive methods for women with neurologic disorders (Mattson and Rebar). 1993;168:2027-32

**Teratoma**

Prenatal ultrasonographic diagnosis of intracranial teratoma and massive craniomegaly with associated high-output cardiac failure (Sherer et al). 1993;168:97-9

**Terbutaline**

Effect of prolonged oral terbutaline therapy on glucose tolerance in pregnancy (Foley et al). 1993;168:100-5

The effects of indomethacin and terbutaline on human fetal umbilical artery velocimetry: a randomized, double-blind study (Hallak et al). 1993;168:865-8

Peripartum heart failure associated with prolonged tocolytic therapy (Lampert et al). 1993;168:493-5

**Thalassemia**

Early transabdominal chorionic villus sampling in couples at high genetic risk (Monni et al). 1993;168:170-3

**Theca cells**

Massive hydronephrosis mimicking theca lutein cysts in association with partial hydatidiform mole (Sherer et al). 1993;168:1289-91

**Third stage of labor; see Labor stage, third****Thromboembolism**

Contraceptive choices in women with coagulation disorders (Comp and Zacur). 1993;168:1990-3

Osteoporotic fractures and the recurrence of thromboembolism during pregnancy and the puerperium in 184 women undergoing thromboprophylaxis with heparin (Dahlman). 1993;168:1265-70

**Thrombophlebitis**

A randomized trial of low-dose heparin and intermittent pneumatic calf compression for the prevention of deep venous thrombosis after gynecologic oncology surgery (Clarke-Pearson et al). 1993;168:1146-54

**Thromboplastin**

Induction of endothelial cell tissue factor activity by sera from patients with antiphospholipid syndrome: a possible mechanism of thrombosis (Branch and Rodgers). 1993;168:206-10

**Thrombosis**

Induction of endothelial cell tissue factor activity by sera from patients with antiphospholipid syndrome: a possible mechanism of thrombosis (Branch and Rodgers). 1993;168:206-10

Protein S deficiency in pregnancy: a case report (Tharakan et al). 1993;168:141-2

**Thromboxane A<sub>2</sub>**

Reduction of thromboxane A<sub>2</sub> synthesis in pregnancy by polyunsaturated fatty acid supplements (Schiff et al). 1993;168:122-4

**Thromboxane B<sub>2</sub>**

The relationship between spontaneous rupture of membranes, labor, and microbial invasion of the amniotic cavity and amniotic fluid concentrations of prostaglandins and thromboxane B<sub>2</sub> in term pregnancy (Romero et al). 1993;168:1654-68

**Thromboxanes**

Effects of fish oil supplementation in the third trimester of pregnancy on prostacyclin and thromboxane production (Sørensen et al). 1993;168:915-22

Increased thromboxane formation in diabetic pregnancy as

- a possible contributor to preeclampsia (Van Assche et al). 1993;168:84-7
- Low-dose aspirin therapy to prevent preeclampsia (Hauth et al). 1993;168:1083-93
- Thyroid diseases**
- Contraceptive choices for women with endocrine complications (Loriaux and Wild). 1993;168:2021-6
- Tissue factor; see Thromboplastin**
- TKH-2; see Antibodies, monoclonal**
- Tocolysis**
- Do tocolytic agents stop preterm labor? A critical and comprehensive review of efficacy and safety (Higby et al). 1993;168:1247-59
- Effect of intravenous  $\beta$ -sympathomimetic tocolysis on human fetal serum erythropoietin levels (Rouse et al). 1993;168:1278-82
- Effect of prolonged oral terbutaline therapy on glucose tolerance in pregnancy (Foley et al). 1993;168:100-5
- Peripartum heart failure associated with prolonged tocolytic therapy (Lampert et al). 1993;168:493-5
- Ritodrine: a  $\beta$ -adrenergic receptor antagonist in human amnion (Collins et al). 1993;168:143-51

- Observations of intrapartum fetal activities (Ash et al). 1993;168:760-4
- Prenatal ultrasonographic diagnosis of intracranial teratoma and massive craniomegaly with associated high-output cardiac failure (Sherer et al). 1993;168:97-9
- The reliability of ultrasonography in the management of spontaneous abortion, clinically thought to be complete: a prospective study (Rulin et al). 1993;168:12-5
- Two cases of multiple umbilical cord abnormalities resulting in stillbirth: prenatal observation with ultrasonography and fetal heart rates (Collins). 1993;168:125-8
- The use of color flow Doppler ultrasonography to diagnose umbilical cord entanglement in monoamniotic twin gestations (Belfort et al). 1993;168:601-4

**Umbilical arteries**

- Absent end-diastolic flow velocity waveforms in the umbilical artery—the subsequent pregnancy (Farine et al). 1993;168:637-40
- The development of abnormal heart rate patterns after absent end-diastolic velocity in umbilical artery: analysis of risk factors (Arduini et al). 1993;168:43-50
- The effects of indomethacin and terbutaline on human fetal umbilical artery velocimetry: a randomized, double-blind study (Hallak et al). 1993;168:865-8

**Umbilical cord**

- Effect of fetal sepsis on umbilical cord blood gases (Lao and Ohlsson) (Letter); (Meyer et al) (Reply). 1993;168:738-40
- Effects of antipyrine on umbilical and regional metabolism in late gestation in the fetal lamb (Gull and Charlton). 1993;168:706-13
- Prenatal diagnosis of a placental cyst: comparison of postnatal biochemical analyses of cyst fluid, amniotic fluid, cord serum, and maternal serum (Shipley and Nelson). 1993;168:211-3
- Two cases of multiple umbilical cord abnormalities resulting in stillbirth: prenatal observation with ultrasonography and fetal heart rates (Collins). 1993;168:125-8
- The use of color flow Doppler ultrasonography to diagnose umbilical cord entanglement in monoamniotic twin gestations (Belfort et al). 1993;168:601-4

**Umbilical veins**

- Umbilical and placental vessels: modifications of their me-

chanical properties in preeclampsia (Bertrand et al). 1993;168:1537-46

Umbilical pressure measurement in the evaluation of non-immune hydrops fetalis (Weiner). 1993;168:817-23

Umbilical vessel oxytocin administration for retained placenta: in vitro study of various infusion techniques (Pipinas et al). 1993;168:793-5

**Unconjugated estriol; see Estriol****Unwanted pregnancy; see Pregnancy, unwanted****Urethral obstruction**

Fetal urine analysis for the assessment of renal function in obstructive uropathy (Lipitz et al). 1993;168:174-9

**Urethrocystovaginal suspensions**

Simplified urethrocystovaginal suspension as treatment for stress urinary incontinence (Toan). 1993;168:1642 (Letter)

**Urinary incontinence, stress**

Simplified urethrocystovaginal suspension as treatment for stress urinary incontinence (Toan). 1993;168:1642 (Letter)

**Urine**

Fetal urine analysis for the assessment of renal function in obstructive uropathy (Lipitz et al). 1993;168:174-9

Oligohydramnios: antepartum fetal urine production and intrapartum fetal distress (Owen). 1993;168:1897 (Letter)

Selecting human chorionic gonadotropin immunoassays: consideration of cross-reacting molecules in first-trimester pregnancy serum and urine (Cole et al). 1993;168:1580-6

Urinary endothelin-1: not a useful marker for preeclampsia (Barton et al). 1993;168:599-601

Urinary red blood cell and cast excretion in normal and hypertensive human pregnancy (Gallery et al). 1993;168:67-70

**Uterine artery**

Functional asymmetry of the human myometrium documented by color and pulsed-wave Doppler ultrasonographic evaluation of uterine arcuate arteries during Braxton Hicks contractions (Kofinas et al). 1993;168:184-8

Interaction of myogenic and adrenergic mechanisms in isolated, pressurized uterine radial arteries from late-pregnant and nonpregnant rats (Osol and Cipolla). 1993;168:697-705

Long-term effects of hormone replacement therapy on the uterus and on uterine circulation (Pirhonen et al). 1993;168:620-3

A longitudinal Doppler ultrasonographic assessment of the alterations in peripheral vascular resistance of uterine arteries and ultrasonographic findings of the involuting uterus during the puerperium (Tekay and Jouppila). 1993;168:190-8

Ontogeny of angiotensin II vascular smooth muscle receptors in ovine fetal aorta and placental and uterine arteries (Rosenfeld et al). 1993;168:1562-9

Possible physiologic role of calcitonin gene-related peptide in the human uterine artery (Nelson et al). 1993;168:605-11

Pregnancy-induced changes in the three-dimensional mechanical properties of pressurized rat uteroplacental (radial) arteries (Osol and Cipolla). 1993;168:268-74

**Uterine contraction**

Effect of the vascular endothelium on norepinephrine-induced contractions in uterine radial arteries from the

- nonpregnant and pregnant human uterus (Steele et al). 1993;168:1623-8
- Endothelin-1: immunocytochemistry, localization of binding sites, and contractile effects in human uteroplacental smooth muscle (Svane et al). 1993;168:233-41
- Functional asymmetry of the human myometrium documented by color and pulsed-wave Doppler ultrasonographic evaluation of uterine arcuate arteries during Braxton Hicks contractions (Kofinas et al). 1993;168:184-8
- Inhibition of contractions of the isolated human myometrium by potassium channel openers (Cheuk et al). 1993;168:953-60
- Relationship of circadian rhythms of uterine activity with term and preterm delivery (Germain et al). 1993;168:1271-7
- Uterine contractions after antibiotic therapy for pyelonephritis in pregnancy (Graham et al). 1993;168:577-80
- Uterine hemorrhage**
- Emergency peripartum hysterectomy (Zelop et al). 1993;168:1443-8
- Uterine neoplasms**
- Expression of different potassium channels in cells isolated from human myometrium and leiomyomas (Erulkar et al). 1993;168:1628-39
- Leiomyosarcomas: clinical presentation (Schwartz et al). 1993;168:180-3
- Should uterine size be an indication for surgical intervention in women with myomas? (Friedman and Haas). 1993;168:751-5 (Clin. opinion)
- Uterine prolapse**
- Successful pregnancies and vaginal deliveries after sacrospinous uterosacral fixation in five of nineteen patients (Kovac and Cruikshank). 1993;168:1778-86
- Uterine rupture**
- Risk factors associated with uterine rupture during trial of labor after cesarean delivery: a case-control study (Leung et al). 1993;168:1358-63
- Uteroplacental hemodynamics; see Hemodynamics**
- Uterus**
- Collagenase, its inhibitors, and decorin in the lower uterine segment in pregnant women (Rechberger and Woessner). 1993;168:1598-603
- Expression of messenger ribonucleic acid for epidermal growth factor receptor and its ligands, epidermal growth factor and transforming growth factor- $\alpha$ , in human first- and second-trimester fetal ovary and uterus (Yeh et al). 1993;168:1569-73
- Hysterectomized women with ovarian conservation report more severe climacteric complaints than do normal climacteric women of similar age (Oldenhave et al). 1993;168:765-71
- Long-term effects of hormone replacement therapy on the uterus and on uterine circulation (Pirhonen et al). 1993;168:620-3
- A longitudinal Doppler ultrasonographic assessment of the alterations in peripheral vascular resistance of uterine arteries and ultrasonographic findings of the involuting uterus during the puerperium (Tekay and Jouppila). 1993;168:190-8
- Should uterine size be an indication for surgical intervention in women with myomas? (Friedman and Haas). 1993;168:751-5 (Clin. opinion)
- Uterus, blood supply**
- Effect of rapid intravenous crystalloid infusion on uteroplacental blood flow and placental implantation-site oxygen delivery in the pregnant ewe (Crino et al). 1993;168:1603-9
- Long-term effects of hormone replacement therapy on the uterus and on uterine circulation (Pirhonen et al). 1993;168:620-3
- Ontogeny of angiotensin II vascular smooth muscle receptors in ovine fetal aorta and placental and uterine arteries (Rosenfeld et al). 1993;168:1562-9
- V
- Vabra aspirator; see Biopsy, needle**
- Vacuum extraction, obstetrical**
- Vaginal foreign body extraction by obstetric soft vacuum cup: an alternative to forceps (Pelosi et al) (Letter); (Emge) (Reply). 1993;168:1891-2
- Vagina**
- Bilateral attachment of the vaginal cuff to iliococcygeus fascia: an effective method of cuff suspension (Shull et al). 1993;168:1669-77
- Sexual intercourse during pregnancy and preterm delivery: effects of vaginal microorganisms (Read and Klebanoff). 1993;168:514-9
- Vaginal foreign body extraction by obstetric soft vacuum cup: an alternative to forceps (Pelosi et al) (Letter); (Emge) (Reply). 1993;168:1891-2
- Vaginal birth after cesarean**
- The experience with vaginal birth after cesarean delivery in a small rural community practice (Raynor). 1993;168:60-2
- Reducing cesarean births at a primarily private university hospital (Socol et al). 1993;168:1748-58
- Vaginal bleeding; see Hemorrhage**
- Vaginal delivery; see Delivery**
